RELIEF WORK STARTED HERE TODAY

NEW SPEED RECORD SET BY BRITAIN IN WINNING AIR RACE

One Hundred Men Are Taken Out Today For Employment on Road

One Hundred and Seventy More, at Least, Will Be Signed on When Prudhomme Lake Camp Is Established

Under the provincial government's unemployment relief scheme, about one hundred men were taken on this morning for camp construction work and continuation of road building from Cloyah Bay and Galloway Rapids camps. The main body of these men will be at Cloyah with about twenty-four at Galloway Rapids camp. A new bunkhouse accommodating about forty men is to be put up at Cloyah Bay.

GHANDI IN AIR SPEECH

Indian Nationalist Leader Reached London Saturday—Heard in United States and Canada

LONDON, Sept. 14.—The voice of Mahatma Gandhi, Indian Nationalist leader, was heard throughout the United States and elsewhere in the world over a huge radio broadcast chain at 9:30 yesterday morning, Pacific Standard Time. The broadcast which was heard in the United States and Canada was handled by the National Broadcasting Co.

Gandhi arrived in England on Saturday to attend round table conference opening today. An enormous crowd gathered at the railway station to meet the train on which he was to have arrived. Gandhi, however, did not board the train at Folkestone but came on to London by automobile, and slipped into a friend's house by the rear door, thus eluding the crowds.

The Indian Nationalist leader was clad only in his loin cloth homespun shawl and sandals, and brought his goats with him.

The federal structure committee of the Indian round table conference met today with Gandhi in attendance. As it was his day of silence, he listened and said nothing.

GOING TO ATLANTIC

C.N.R. Ships Withdrawn From Tri-City Service to Leave Coast

VANCOUVER, Sept. 14.—Canadian National Steamships will continue the service from Vancouver to Prince Rupert, Alaska and intermediate points, but it is understood that it will not run ships on the tri-city service between Vancouver, Victoria and Seattle next season, there being insufficient business to warrant two railroads maintaining services of their own.

The two Canadian National steamships now withdrawn from the Pacific coast services are six thousand ton vessels of the latest type and it was learned from official sources here that they will be sent promptly to the Atlantic coast for service there, one of them inaugurating regular service from Boston and Bermuda.

During British Army Manoeuvres

Wham! Can nothing hold this lad? When you get these boys on British army manoeuvres they just go places if there is a flood on. D! patches! Huh! Huh!

WELCOME ACCORDED

William Brass Home From Montreal Rifle Shoot

William Brass, who achieved much distinction for himself and for Prince Rupert in winning the recent international small bore rifle shoot at Montreal for crack marksmen representing both the Canadian National and Canadian Pacific Railways from all parts of Canada, thus capturing the Sir Henry Thornton Trophy, returned home on yesterday afternoon's train and was given a great welcome. The Boys' Band was on hand to give a musical greeting and, as Mr. Brass stepped to the station platform, Bandmaster Thos. Wilson played a cornet salute. Many friends of Mr. Brass were also on hand to join in the welcome and tender congratulations.

B. E. Valde, who also took part in the shoot at Montreal, came in as well on yesterday afternoon's train, accompanied by Mrs. Valde, who has been visiting in Montreal.

E. Smith, third member of the team representing the local Canadian National Recreation organization, will return to the city via Vancouver.

Halibut Landings

(Summary)
American — 165,000 pounds, 5.5c and 3c to 7.6c and 3c.

Nuba, 3,000, offered 5.3c and 2c, holding over.

Miss Republic

Senorita Pilar Bavarro, 19-year-old beauty, has been proclaimed "Miss Republic" by popular vote in Madrid

IS HEARD ON RADIO

Local Air Listeners Hear Miss Prince Rupert at Hollywood

Local radio listeners who tuned in on station KNX of Hollywood Saturday night were rewarded by hearing the voice of Miss Annie Boddie, "Miss Prince Rupert," at the International Beautique in Los Angeles. It was just about 11 o'clock when Miss Boddie was heard.

The local girl told her radio listeners that she was having a most delightful holiday in Southern California and urged all who could be present at the festivities last night to "give the girls a big hand." After these brief remarks Miss Boddie thanked her listeners.

Miss Boddie was one of two girls who were introduced over the radio station on Saturday evening. The other was Miss Devine of Birmingham, Alabama, another Beautique contestant.

The broadcast was from the roof garden of the Hollywood-Roosevelt Hotel and took place during a dance program.

Beautique proceedings were again heard over stations of the National Broadcasting Co. last night.

IS ELECTED PRESIDENT

Rev. D. W. Grant Hollingworth New Ministerial Chairman; to Offer Services for Unemployment Camps

Rev. W. L. Grant Hollingworth, pastor of First Presbyterian Church, was elected chairman of the Prince Rupert Ministerial Association at the regular monthly meeting of the Association this morning. Rev. Charles E. Motte was reappointed secretary of the Association.

The committee on the establishment of a juvenile court in Prince Rupert made its report, announcing that the matter had been taken up by the city council and was now before the Attorney General's department.

Government camps, unemployment and the relation of the Ministerial Association thereto came up for discussion and a committee consisting of Rev. W. D. Grant Hollingworth and Rev. Alfred Wilson was appointed to meet the government agent and place the services of the Association at its disposal.

Hospital services during the next month will be taken as follows: Sept. 20—Rev. John H. Hanson. Sept. 27—Salvation Army. October 4—Rev. Alfred Wilson.

PLANE AT HAZELTON

HAZELTON, Sept. 14.—At 5:45 Saturday afternoon a six-passenger Bellanca plane came to rest at the landing field after a rather grueling seven hours' flying. The plane left Grand Forks Saturday morning at eleven o'clock and encountered heavy snow just a few miles out of that city. This difficulty proved to be the easiest task of the day, according to the pilot, G. H. Woodley of New York City, for, before reaching Stuart Lake, it rained in such forceful manner that he found it difficult to keep the machine on an even keel.

The Babine country dished up another treat in the form of a real snowstorm which kept those in charge busy.

The owner, W. H. Woodley, and his sons, A. G. Woodley, navigator and G. H. Woodley, pilot, left New York City about ten days ago and have been pleasure flying about the country, stopping at Chicago, Slocan, Grand Forks and Hazelton before leaving for Telegraph Creek and finally Dawson City.

Flight Lieut. Staiforth Drives Plane at Speed Of 379.5 Miles an Hour

Attained 404 Miles Per Hour on One Lap—English Take Permanent Possession of Famous Schneider Cup

CALSHOT, Eng., Sept. 14.—Flight Lieutenant G. H. Staiforth set a new world's speed record of 379.5 miles an hour in a seaplane over the three hundred kilometer course in the Schneider Cup races here yesterday. Great Britain won permanent possession of the Schneider Cup when Flight Lieutenant J. N. Bootham flew another seaplane 217 miles at an average speed of 340 miles per hour.

Flight Lieutenant Staiforth beat by more than 21 miles the previous record of 357.7 miles per hour set by Squadron Leader A. H. Orlebar in 1929. Staiforth covered the second lap of the course at a rate of more than 404 miles per hour.

British flyers were the only contestants in the races which had been postponed from Saturday owing to heavy rain that day. French and Italian pilots were to have entered but it was found that neither country could produce a machine that could hope to compete with Britain in speed.

The Lord's Day Observance Society protested to the Aero Club committee at the races being held on Sunday.

FLYING ON ATLANTIC

Trio Which Hopped Off From Lisbon Yesterday is Reported Near Bermuda

LISBON, Portugal, Sept. 14.—Radio reports received here today said that the plane in which Willis Roby, Christian Johanssen and Fernando Costa Viega hopped off from near here on Sunday for New York, had been sighted by a United States steamer Bermuda.

Is Drowned at West Vancouver

Alfred Muller Lost His Life When Frail Canoe Capsized Yesterday

VANCOUVER, Sept. 14.—When a frail canvas canoe capsized near West Vancouver yesterday, Alfred Muller, aged 24, was drowned.

The Weather

Triple Island: Part cloudy, west-erly breeze; sea smooth.

Langara Island: Clear, light northwest wind; sea calm.

Dead Tree Point: Clear, calm; barometer, 30.00; temperature, 60; sea smooth.

Local Unemployed Association To Continue Activity; Hesitant About Affiliating With Reds

The Prince Rupert Unemployed Association, at a mass meeting in the Moose Hall last night with several hundred persons in attendance, decided to continue its local activities but postponed action until further information is available in the matter of overtures which have been made to have the Association affiliate with the National Unemployed Workers' Association which is suspected of being of Communist parentage. There was some rather pointed discussion at the meeting as to the merits of the Communist party, George Murray, prominent local Socialist, and Ald. S. D. Macdonald being among those who were rather critical of it. The meeting named a central executive consisting of George Murray, chairman, and Charles Lord, secretary, with headquarters in the city, who will carry on the active work of the Association. Members of this committee will receive remuneration on the basis of wages current in the relief camps, same to be met by a monthly levy on each employed worker.

Ex-Ald. Oscar Larsen presided over last night's meeting and William Hogg acted as secretary. The meeting opened with reading of minutes of the last mass meeting and of executive meetings which had been held since that time.

It was announced that the city council, Trades and Labor Council and Canadian Legion had endorsed a resolution passed at the last mass meeting.

Destroyer Lands Church Parties

Men From H.M.C.S. Skeena at Catholic, Anglican and Presbyterian Churches

Church parties were landed yesterday morning from H. M. C. S. Skeena. Some of the men went to the Roman Catholic Church of the Annunciation, others to St. Andrew's Anglican Cathedral and others to the First Presbyterian Church. Appropriate sermons were delivered in each church.

The Canadian sailors presented a smart appearance on parade.

Today's Wheat

VANCOUVER, Sept. 14.—Wheat was quoted on the local Exchange today at 51.5-5c.
