### LADY WILL HELP GET NEW WELLS

English Girl Gifted With Divining Power Engaged By Government to Make Search

EDMONTON, July 28.—The cry of farmers in the Peace River country for water wells is to be answered by Miss E. N. Penrose of Cornwall, England, gifted water diviner, who has gone into that district.

Engaged by the department of agriculture of the province of British Columbia, Miss Penrose will spend some time in the Peace River district locating water wells. The time she will spend there will, of course, depend on the call from farmers in the dry areas.

J. B. Munro, deputy minister of agriculture for the coast province, is also making a trip to the Peace River region within the boundaries of British Columbia to make a survey of conditions.

#### Gift Long In Family

Interviewed here, Miss Penrose said that the gift of locating water wells had been in her family in the old country for generations. Her father was an expert at this work, while during the war periods Miss Penrose herself located water wells in various parts of England. She makes use of a willow and wire rod in establishing the location of wells.

Last year, Miss Penrose did some satisfactory work in the Okanagan district of the coast province and has just finished further work of the same nature in that district.

On completing her program for the Peace River region she will return to the Cariboo district.

#### Gives Location

Miss Penrose states that she merely gives the farmer a location for the well, that being the extent of the assistance provided by the coast government. The costs of drilling must be borne by the owner or occupier of the land.

In the Peace district, there has been a serious shortage of domestic or drinking water in some sections. That need has been so severe that the services of Miss Penrose have been obtained.

### CONVENTION DATE CHANGED

Associated Boards to Meet at Burns Lake August 5 and 6

The secretary of the Chamber of Commerce has received word that the date of the convention of the Associated Boards of Trade at Burns Lake has been changed to August 5 and 6.

It is understood that a proposal will be before the convention to have it join the Associated Boards of British Columbia.

### District News BURNS LAKE

Ootsa Lake settlers have decided to put on a monster local stampede for Labor Day.

The hay crop, most of which is already cut, is very good this season.

Mr. and Mrs. B. A. Smith have gone touring in their car as far as Vancouver and the coast states.

H. D. MacNeil of the Dominion Telegraph office is holidaying for a couple of months in the Ootsa Lake country.

Mrs. J. R. Walker of Francois Lake and her guest, Miss Pillsbury, were recent visitors to town.

An effort is being made to secure the services of a veterinary surgeon for the district.

A. Wilson officiated at the Manse with only a few intimate friends of the interested parties present.

Mr. and Mrs. Martin left later for Vancouver and returning north will reside at Bella Coola.

### Four Yachts At Salvage Dock

Winifred and Taconite Are Pleasure Craft Touring This Part of Coast

There were four fine yachts tied up at the Pacific Salvage dock this morning. The Taconite with Mr. and Mrs. Boeling and a party of friends from Chicago who are northbound after an Alaska cruise were to leave about noon. The Winnifred after being chartered to the Hunter party is taking the owner, Mr. Larsen, on a pleasure cruise to Alaska. The American Can Company's Caneolin and the Pride of the West, both commercial yachts are here on business.

Alderman Theo Collart and Mrs. Collart left on the Prince Charles yesterday for a round trip to Stewart, Anyox and Massett Inlet.

### Address Given By S. Prudhomme

Son of Local Citizen Is Travelling With Grain Board and Left Here Today

A very interesting and instructive address was given last evening by Stephen Prudhomme, National Vice-President for Ontario for the Amalgamated Civil Servants, on the aims of that association, and should result in swelling the ranks of that body from the Dominion Civil Servants of this district.

Mr. Prudhomme went into some detail regarding the workings of the Civil Service Act and the Civil Service Superannuation Act, and also gave some idea of the work done by the association officers and the results obtained from the government through the thorough study of contentious questions and placing same before the proper authority in such a way that no denial as to facts can be given.

Through the courtesy of the local Trades & Labor Council the address was given in the Carpenter's Hall, and was presided over by W. M. Brown.

Mr. Prudhomme, who is son of Alex Prudhomme of this city was a guest of his father while here. He is travelling with the grain commission and will overtake the members at Jasper.

Dr. H. O. Johnsen will be away for holidays until August 13th.
