### KEEP UP OR GET OUT

This is a speed age and it seems as if some of us must either keep up with the rest or drop out. It is almost impossible to carry on in the same old way when everybody else is forging ahead.

Yesterday it was announced that an English airplane had made a speed of over four hundred miles an hour. Those of us who have been riding in boats making six miles an hour must of necessity feel ourselves rather left behind in the race and we may have to get out altogether unless we mend our ways.

The world is moving at a tremendous pace, so fast in fact that many people find it difficult to adjust themselves to conditions.

### CO-OPERATE WITH INTERIOR

Through the district agriculturalist, S. S. Phillips, the farmers and other residents of the interior of British Columbia are asking for the co-operation of Prince Rupert in the marketing of their products. It is useless for them to raise butter, eggs, poultry, garden truck, potatoes and grain unless they are able to sell them.

Prince Rupert gets much of her farm and garden produce from Southern British Columbia or from the United States. Much of it could be raised in the country tributary to this city to the benefit of everybody. We commend the idea to everyone concerned and suggest that through a campaign of education Prince Rupert people may be largely fed by the people of the Skeena, Bulkley and Nechaco Valleys.

### KEEP FAITH IN CITY

Prince Rupert, like many other places, has slipped slightly during the past year as a result of the failure of the fish market and the shutting down of the mines and the lumber camps due to lack of demand. As the demand for these articles increases the city will come back, slowly perhaps, but surely.

The same reasons which caused the people twenty years ago to pour their money into real estate in Prince Rupert obtain today. There is little change in the situation except that people have lost faith.

Just as soon as conditions change and the people have regained their faith we shall find things beginning to move again and they will not stop where they did before. The advance will be permanent and substantial.

### MISS ANNIE BODDIE CHOSEN AS "MISS PRINCE RUPERT"

(Continued from page one)

Prince Rupert's departure this afternoon.

The Beatequest judging and coronation was but one of many features which marked the final night of the Exhibition. From 9 a.m. until 2 a.m. a large dance was in progress with fine music by the Premier Orchestra and hundreds on the floor. The concessions operated by the Gyro and Rotary Clubs were brought into the hall for the evening and being largely patronized, helped to contribute to the general merriment.

During the evening, President Glassey thanked all who had co-operated with and patronized the 1931 Fair. He acknowledged the good work of Gyro and Rotary Clubs in operating the concessions. He also expressed the board's appreciation to the candidates in the Beatequest and their sponsors. The visit of the Anyox football and Hazelton baseball teams were also appreciated.

Ald. P. H. Linzey, secretary-treasurer of the Fair Board, spoke briefly of financial matters. The depression had hampered the work and also the weather had not been favorable. The board hoped to break even on the year's operations but he was doubtful about this.

Rev. G. H. Raley, principal of Coqualeetza Institute, Sardis, presented to Samuel Woods of Kitimaat a handsome new cup presented by Mr. Raley's son, G. G. Emsley Raley B.A., M.C., F.R.C.S.A., Philadelphia, as a perpetual challenge trophy for the best all-round athlete at Kitimaat village. The donor of this trophy lived at Kitimaat with his missionary parents between the age of six weeks and eight years. Recently an honorary chieftainship was conferred upon him by the tribe. Mr. Raley Jr. is an outstanding member of the Penn Athletic Club in Philadelphia where he is manager of a publishing concern.

#### Football Cup Given

Another presentation during the evening was that of the Fair Board's challenge cup for the native football championship which went for the third successive year to Kincolith and which was received by Charlie Barton, captain of the team.

Announcement was made in the course of the proceedings that Mrs. A. Halleran was the winner of a prize given for the naming of a mechanical cow which was a feature of the Nestles Milk commercial booth. The name suggested by Mrs. Halleran was "Nestle's Rupert Princess."

In a contest for the identification of woods shown in the B. C. Forest Service Booth there was a four-way tie. The Mayor was called upon to make a draw for the winner. The name of Harry Scott was drawn. District Forester A. E. Parlow assisted in connection with this drawing.

The winners in the grand drawing for choice pieces of city property were as follows:

First: H. Anderson, Eighth Avenue, No. 134; sold by Dorothy Goedkoop.

Second: Mrs. W. Thain, P.O. Box 195, No. 350; sold by William Robb.

Third: W. Gordon, Seal Cove Hotel, No. 169; sold by Edna Strand.

The drawings were made by Miss Prince Rupert.

It is estimated that there were about 800 paid admissions to the big dance in addition to 54 children who paid 50 cents each.

### PIERCE ORCHESTRA HOLDS LAST DANCE

The last of a series of three dances held here during Fair Week by the Pierce Orchestra of Port Simpson took place last night in the Metropole Hall. There was a large attendance of natives and all apparently had a very happy time.

Mr. and Mrs. G. M. Ferguson are spending a few days visiting in the city as guests of Ald. and Mrs. S. D. Macdonald, Sixth Avenue West, after which they will be leaving for Vancouver where they will spend the winter.

At the meeting of the Chamber of Commerce last night with President B. J. Mellish in the chair a letter was read from Hon. R. W. Brunhn, provincial minister of public works, stating that, under the government scheme it was not proposed to pay wages but a subsistence allowance. There were 44,000 unemployed in the province and all must be provided for. He thanked the board for its suggestions made recently in respect to remuneration of the unemployed.

Making her first voyage on fall schedule, C.N.R. steamer Prince George, Capt. ## PIPE TESTED by an ARCHITECT

"Old Man Raleigh made a fitting contribution when he gave us tobacco, and he left plenty of work for the blenders to do, to suit the palate of such as I; but, when I had carefully filled that first pipe with Turret pipe tobacco, I found that here was something different; a rose without the thorn—an aroma without the sting. It broods contemplation in its lasting qualities. The packet opens up sweet and fresh and if it be possible for smoke dreams to help you materialize those 'castles in the air' then the Turret pipe tobacco, with its Churchwarden coolness and Old World fragrance, will do it."

# GIVE CLOTHES ALL YOU CAN To Unemployed

People of the city are being asked to discard their old clothes and buy themselves new in order to provide for those who have not the money to buy new ones this fall.

Road work is to commence soon but many of the men have not clothes and shoes fit to wear and will suffer if they are not provided for.

Residents of Prince Rupert and the suburbs are asked to give their clothes closets the once over and put into a bundle anything they do not need and the city will collect them on September 10. Things needed are:

Odd Pieces of Clothing      Underclothes of All Kinds  
Suits of Clothes      Children's Clothes  
Shirts and Other Linen      Women's Clothes  
Blankets and Other Bedding, Beds and Mattresses  
Boots and Shoes For Men, Women and Children
