LOAD LINE ZONE REGULATIONS HAMPER PR. RUPERT TRADE AND REMOVAL IS REQUESTED

(Continued from page one)

length of time and the proposed new regulations were, of course, known to shipping interests long before being finally adopted. No advice was given Prince Rupert regarding the changes and the whole thing went through.

"It seems incredible that not only a potentially first-class port but also the whole division of the Canadian National Railways from Prince Rupert to Red Pass Junction should be placed under so prohibitive a handicap, by a convention at which the Canadian government had official representation.

"Clause I, Article 20, Page 117 of the Act provides that: "Modifications of this Convention which may be deemed useful or necessary improvements may at any time be proposed by any contracting Government to the Government of the United Kingdom of Great Britain and Northern Ireland and such proposals shall be communicated by the latter to all the other Contracting Governments, and if any such modifications are accepted by all the Contracting Governments (including Governments which have deposited ratifications of accessions which have not yet become effective) this convention shall be modified accordingly."

We most strongly urge that the Canadian Government, at the earliest possible date will take steps to have the northern limit of the Summer Zone on this coast extended from latitude 50 degrees to 56 degrees.

EGG PRICE IS RISING

Few New Fruits and Vegetables— Small Advance in Wholesale Sugar Price

A few new seasonal fruits and vegetables are noted in the September revision of the local market report. Fall apples are beginning to come in although it will be a few weeks yet before some of the most popular varieties begin to arrive. Peaches are not being quoted by the crate yet but the preserving soon will come on later in the month as stocks begin to move in more freely.

There is a slight stiffening in the wholesale price of sugar although no advances have yet been made on the retail market. Butter is steady while flour and feed prices exhibit weakness with no recent retail price changes. The price of eggs is advancing but meats are down.
