Kodiak Island Hunting Party Returning Home

A big game hunting party from Chicago, consisting of Mark Merriman, Judge Brothers, George Dryden and Eastman, who have been on a trip to Kodiak Island during the past few weeks, returned here by yacht yesterday afternoon and proceeded on today's train on their return to Chicago. The party had good success in hunting Kodiak bear and had one live cub to take home with them.

A party of eight members of the California Camera Club from San Francisco were passengers going north aboard the steamer Prince Rupert this morning to make the round trip to Skagway. Returning here next Monday morning, they will disembark from the steamer and proceed by train via Jasper and Vancouver enroute home.

Oscar Mello, St. Louis Browns second baseman, who rested off eight straight hits, raising a batting average from .250 to .390, claims it was due to spinach diet.

Speaking at the Edmonton meeting of the Cosmopolitan Club which recently entertained the Edmonton Grads as guests of honor, Coach Percy Page declared that in all sincerity and honesty he considers his present team the greatest and smoothest working machine that ever carried the Grads' colors. "When I say this, I am paying full respect to the stellar girls who have played with teams of past years, but judging on both individual and team play, I believe that the team here today is the finest that I have yet coached," the famous coach informed his audience. "You can teach a lot of rules, but in the excitement of a game, the team members must think for themselves. That is what I rely on most. Everyone of the girls is remarkably intelligent and that is their strongest point," the speaker continued.

"Since 1915, the Grads have played 348 challenge games and won 340 of them. That is an average of 97.7, or means that these girls can be depended on to carry through what they start about 98% of the time," Coach Page declared. Percy Page informed his audience that the Grads never went on any special diet, but ate just whatever they were used to. Marriage does not bar a girl from remaining on the team, although in the past those marrying preferred to give up basketball. Religion also has nothing to do with a girl making the team. Her religion is never mentioned. Ability is the only criticism. In conclusion, Coach Page declared that he hoped to hold the present team together at least until after 1934 when the Olympic games in London, England, would include basketball and provide an opportunity for the Grads to win new honors.

OFFICES WINNER

Defeated Station By Score of Two to Nil in C.N.R. Softball Last Evening

In a Canadian National Recreation Association Softball League game last night, Offices defeated Station by a score of two to nil. The Station was rather erratic in the first two innings, letting in one run in each, but, after the second inning, no score was made by either team.

Both teams played good ball and the match was watched by a large crowd of fans.

Batteries consisted of Boulter and Geddes for Offices and Styles and Skatkebol for Station.

The next game will be played Friday evening between the Station and the Round House.

DE LUXE FISHING TRIP TO BE TAKEN BY ST. PAUL MAN

MERCHANTS WIN GAME

Defeated Regiment Two to One in Dominion Day Cup Soccer

Was Good Game

Large Crowd Attends Despite the Threatening Weather

The Merchants recorded another win last evening when they defeated the Regiment two goals to one in the second game of the Dominion Day Cup soccer series. The interest that is being shown in football this year was evident by the large attendance in spite of threatening weather. The wind, especially in the first half, interfered with good football.

The Merchants played down hill and, with a strong wind, did most of the pressing in the first half but the Regiment defence was very reliable and kept the Merchants forwards from scoring for a long time. DeJong was very prominent and gave his forwards chances that they used to keep the Merchants defence busy. Tinker gave Norrington a chance that forced Menzies to save. McKay made openings but Edgecumbe stopped S. Dickens. Kelsey and Thurber tackled surely and still the Merchants could not score. Laidler saved a fine drive on his knees and punched away a dangerous cross from Hill. Currie shot badly but later a drive of his was diverted past Laidler by one of the defence and the Merchants were a goal up. On the balance of play they deserved it. Wilson centred to start an attack that forced Douglas to give a corner. Then Tinker was well fed by Fong and the ball was sent on to Norrington who went clean through to score a fine goal and put the teams level. Tinker soon after tested Menzies again.

With the hill in its favor, it was expected that the Regiment would make things warm, but the Merchants had rather the better of the second half. Amor centred but Laidler punched clear. S. Dickens had a couple of openings but Edgecumbe balked him and then Thurber came across to save at the expense of a corner. Wingham stopped H. Dickens and Norrington got away to centre and Tinker went close. Then Sheehan's shot was saved and Wilson dropped one just over the bar. The game was a good one to watch now. McKay played with the ball till he lost it when a pass would have been more helpful to his team. Currie's shot was wide. A lucky header by A. Dickens gave McKay an open goal and Laidler had no chance with the shot. Regiment tried hard but was unable to draw level and the Merchants ran out winners by the odd goal in three.

Regiment: Laidler; Kelsey, Thurber; Edgecumbe, DeJong, Wingham; Wilson, Fong, Tinker, Sheehan, Norrington.

Merchants: Menzies; G. Mitchell, Douglas, Hill, Currie, Hardie, Amor, McKay, A. Dickens, H. Dickens, S. Dickens.

Referee, W. Barton; linesmen, A. Clapperton, G. Blake.

Good Game to Watch

In spite of the wind, it was quite a fair match to watch. The Regiment began with only ten men, Watson being an absentee and a substitute was not available till half way through the first half. Laidler, as usual, was safe in goal and was unfortunate to have the first goal scored against him as he appeared to have the shot covered till one of his own defence diverted it. Kelsey played a great game at back and was ably seconded by Thurber. Edgecumbe was a hard man to beat, his persistence and speed being big factors. DeJong was a great defender especially in the first half, and in the second made attempts to force the game. Wingham was always in the thick of the battle though his kicks went wrong at times. Tinker showed that he has still lots of football and was very useful. Norrington was the best forward but with Fong damaged early in the game and Sheehan only a substitute the forward line was weak.

Menzies was tried out several times and was safe. Douglas was the neater back. Mitchell was effective. Currie, at centre half, was again valuable in defence and in setting his forwards in motion. Hill and Norrington had many a tussle with the honors about even. Hardie never left Wilson's side but with a good inside man on the Regiment forward line this policy will not pay. Amor was fast and centred well at times. The Dickens brothers all showed their usual football ability but none of them scored. McKay's goal was a gift after the ball had hit Dickens' head.

The Merchants claimed they had the ball in the net in the first half a second time but the claim was properly disallowed. The claims of some of the older players at times are quite evidently a cheap attempt to influence the referee. Some day the referee will give one of these perpetual claimants his walking orders for ungentlemanly conduct and it would be as well for the players concerned to take a hint. It's not the game and the rule book provides an adequate penalty.

A NEW RECORD BREAKER IN THE SKIES
 C. W. A. Scott, the British Aviator, established a double Trans-Continental air record when he flew from England to Port Darwin, Australia, in 9 days, 3 hours and 20 minutes. Flying time and made the return journey from Australia to England in 10 days, 13 hours.

The RECORD SPEAKS for ITSELF

THOUSANDS upon thousands of miles—over mountain ranges and storm-tossed seas—under sunny skies and through misty banks of clouds—these are the trials of those who would establish air supremacy.

In a cigarette, quality is the deciding factor—and Turret's long established record grows more impressive year by year.

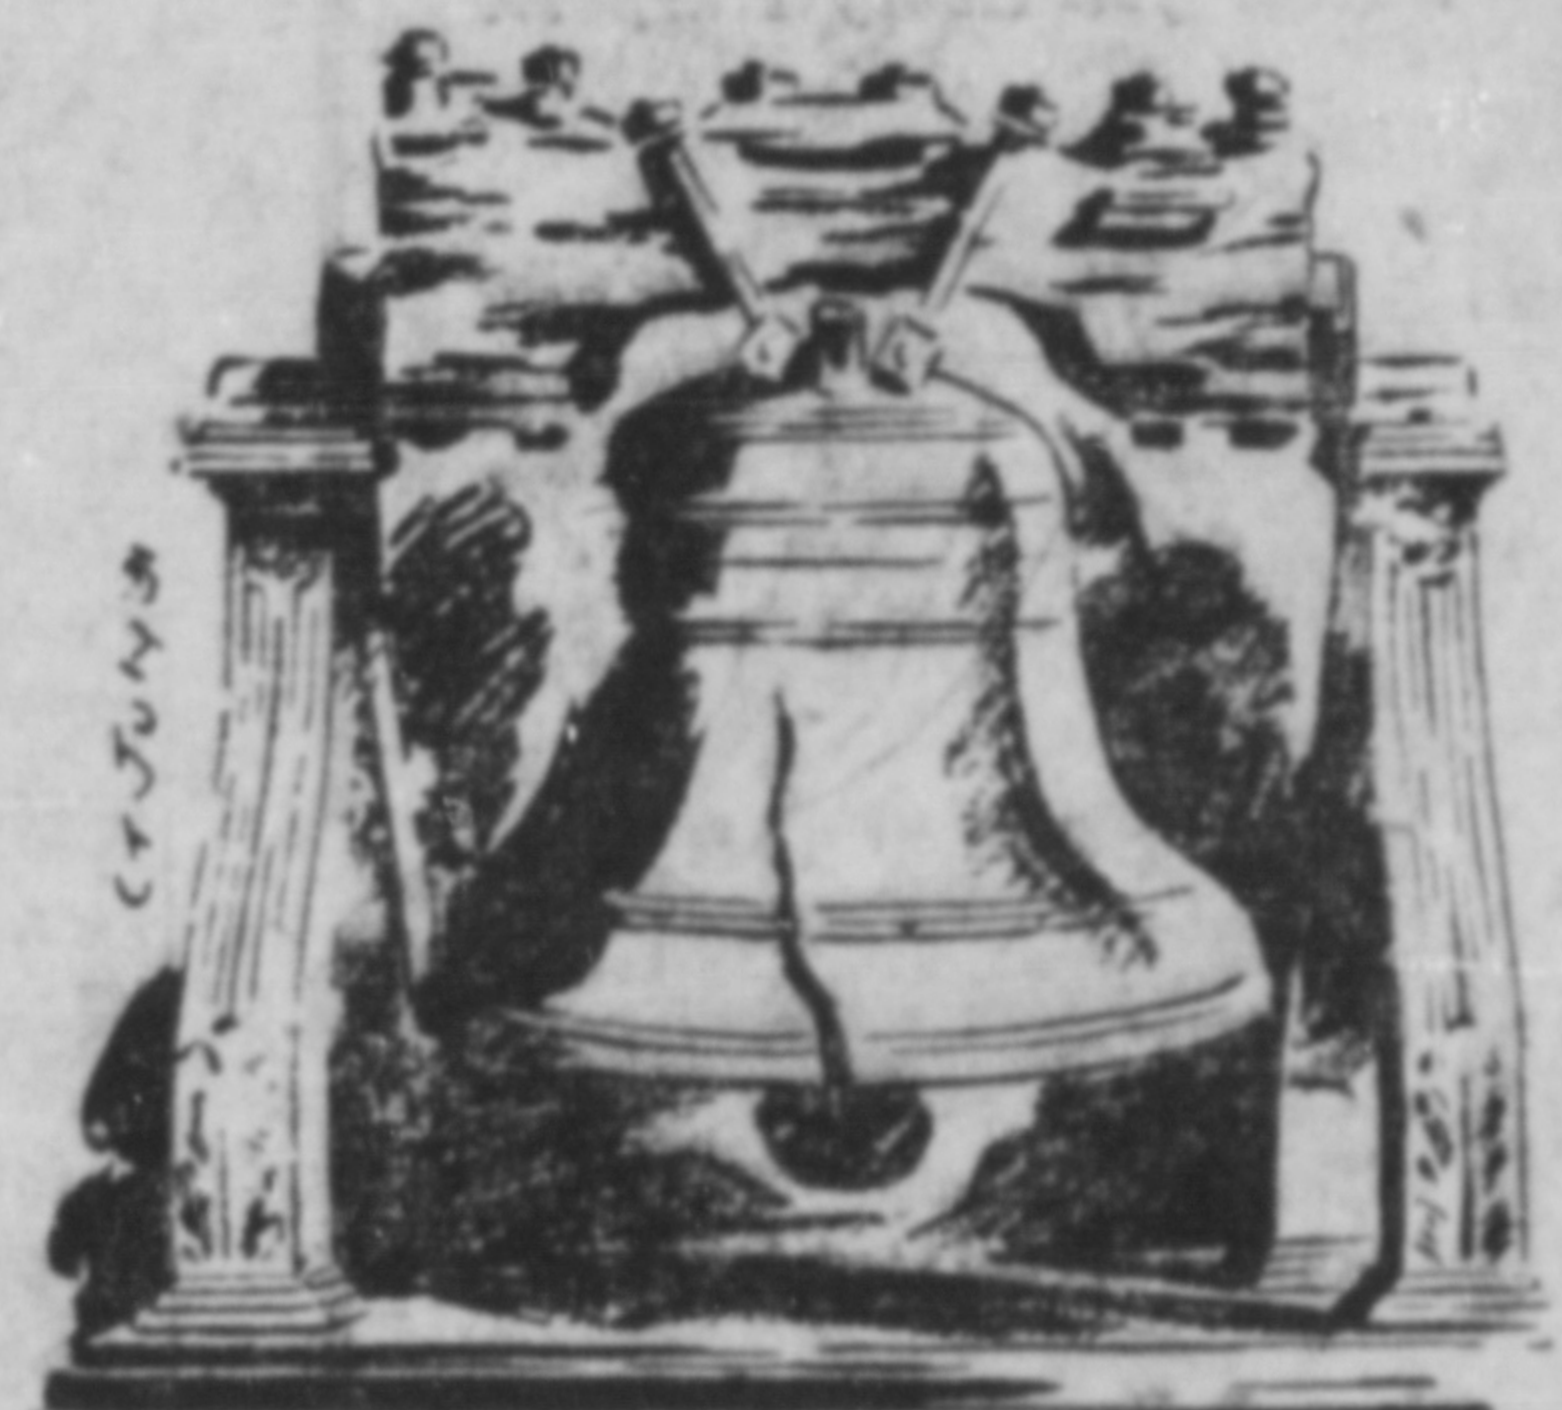

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred."
