## THANK YOU, MR. BASS

Oscar Bass, deputy attorney general, has been saying some kind words about Prince Rupert. In fact he is much more enthusiastic about the city than a great many of the people who live here. He sees the position with a better perspective. We are much obliged to Mr. Bass for his appreciative words and hope Prince Rupert people will learn to see things as he does.

## GOVERNMENT AND P.G.E.

The real trouble about the policy of the Tolmie Government in the matter of the P.G.E. is not that it has done the wrong thing, but that it has been altogether too patient and tolerant under the importunities and abuse of the irresponsible—persons and organizations and newspapers—which have been demanding that it do about the P.G.E. what every sane and honest citizen of this province knows it would be madness to do, says the Vancouver Province. Why does not the Tolmie Government say, outright, and once for all, that it will not continue the line to Prince George unless that is done as part of an agreement towards a Peace-Coast railway which will include the P.G.E.? And why does it not undertake to publish the conclusions of its P.G.E. survey at the earliest possible date?

## BISHOP FALLON OF LONDON

Ontario loses one of its most powerful personalities in the death of the Right Rev. Michael J. Fallon, Roman Catholic bishop of London, says an Edmonton paper. Those who had their homes in that province thirty-five or forty years ago and were interested in athletics will remember him well as the coach of one of the greatest football teams that it ever produced, that which carried the colors of Ottawa college. To his church he gave service of great distinction. A man of strong opinions on many public questions, he asserted them on numerous occasions with telling effect. His courage and forcefulness won for him an admiration that went far beyond those of his own communion. His impressive stature and his vigorous and clear-cut delivery were such that no one, after hearing him speak, was ever likely to forget the experience.

United States is holding down on immigration coming to that country. Most other countries are doing the same just now, with the result that there will be an opportunity to develop nationalism. This applies particularly to Canada where the population is as cosmopolitan as in any country of the world.

## Astounding!

### Can Eat Anything.

Mr. Frank Chatham, of Blackburn, writes:—"I have suffered long from acid stomach and constipation, but since being advised to try your wonderful Carter's Little Liver Pills I began to feel the benefit after almost the first dose. I can now honestly say that I can eat anything and enjoy my food knowing that I will not suffer any disagreeable after effects." Take Carter's Little Liver Pills for sick headache, biliousness and constipation. They act as a tonic. All druggists 25c and 75c red pkg.

## STRANGLER IS WINNER

Former Heavyweight Wrestling Champion Conqueror of John Evco Last Night

SEATTLE, March 3.—After losing the first fall within 33 seconds of the start of the second round, (Strangler) Lewis, former world heavyweight wrestling champion, came back last night to defeat John Evco with the next two falls.

Evco got his fall with a flying body slam but Lewis, in his characteristic manner of keeping on when he gets in a tight place, waded until the fourth when he threw Evco head first to the mat with a terrific croch hold and body slam. Evco could not be revived sufficiently to come back for the fifth round and Lewis was awarded the two falls and decision.

In the semi-wind-up, Freddie Myers defeated August Sepp in five rounds with one fall—a semi-airplane spin in the fourth round.
