# Would You Desert Your Wife?

"Of course not," you exclaim. "No real man would abandon his wife and leave her to support herself and children."

It's a fact, however, that many a man's wife has been left to fight the world single-handed. His life has been cut short - - his earnings have suddenly ceased. And his family has only a legacy of debts, a future of despair.

For your own self-respect, make certain that you will never be accused of forsaking your wife - - in life or death.

Hold fast to your Life Insurance. It safeguards your wife and children - - and ensures comfort and contentment in the sunset of your life.

The ground on which a new trial was asked was that a statement made by Fredericks to the police at PASSES IN Prince George on December 8 was not admissable in evidence. A. M. Johnson K.C., crown counsel, refused to submit the statement at the trial but it was admitted in evidence by the trial judge when submitted by the defence. It was also claimed that the trial judge had failed to instruct the jury with respect to the statement.

The Court of Appeal reserved its judgment until November 24. Fredericks is under sentence to hang on December 3.

Fredericks, who is 32 years old, still insists that he wos not the slayer of Max Westphal but that Herman Peter committed the deed and then committed suicide. Fredericks claims that he concealed the bodies for fear of suspicion being cast upon him.
