CONFIDENCE IN THE CITY

A great many people seem to have confidence in Prince and great interest is being aroused Rupert today. There is a good deal of building in progress, in the event. existing properties are being kept in good condition and the rebuilding of the sidewalks is giving the city a much Were Married improved appearance. In addition to that the persistent rumors of something bigger to be doing soon, helps to keep local people cheerful. ...

A commercial man in the city this week said he had travelled all over British Columbia, and Prince Rupert was the second best city he had entered. Trail was the best because the smelter provided a steady payroll and everyone was prosperous. Inquiry was made as to other towns about solemnized quietly here on Monday when Florence, eldest daughter of the same size as Prince Rupert and the visitor was very Mrs. A. Williamson of 1733 Nelson emphatic that not one was anything like as good for busi- street, vancouver, became the ness as this.

We know it is not much consolation if a person loses a hundred dollars to know that someone else lost a thousand, but that is really the position in regard to Prince Rupert. were married by Rt. Rev. Bishop Many merchants are losing money but they are losing Rix at 11 o'clock in the morning, more in other places.

CLEVER LOCAL BOYS

Prince Rupert is proud of the boys who bring distinction Lake. to the city and pride to their parents. One of these is Dr. Fred Kergin, whose university successes have given him the privilege to do more and greater work at Oxford. He is home today and the Daily News is glad to join with the citizens generally in congratulating him on his success.

Doubtless Dr. Kergin jr. feels that anything that has her return to vancouver and wav day but they must return on the come his way has been the result of hard work, as is the points. case with most successes. However, that is only an added reason for congratulations. In these days of intense amusements and popular diversions there is a great tendency among young people to forget the more serious things of

We hope that we shall continue to hear of Dr. Fred in England and that later he will return covered with renown, ready to continue to carry on and give his best to the people of Canada.

NEWS OF THE MINES

AROUND PRINCE RUPERT

Gold Possibilities of Northern Interior Widespread; Busy on Stikine; Many Outfits at Work

The rush to the reported placer gold strike on Rainbow Creek, a tributary of the Nation River, which is itself a tributary of the Peace River system, draws attention to the gold possibilities of the vast country lying as far north as 300 miles from the line of the Canadian National Railways. Fifty years ago or more there was much activity anywhere. On being told that they there and it was all gold mining. On Germanson and Manson Creeks miners were hard at work and there was a town ebration being held at Stewart at that may be so all right but he of about 3000 population. Entry was made by way of the

tance of about 70 miles from the try and it is quite possible that some profitable mining may ce. lower Fraser River. Parties without earried out. The Fair Board is anxious to encourage residents in the districts around Prince Rupert to bring their best to the

FALL FAIR

Which will be held the

Local residents believe that they can grow flowers better than any place within two hundred miles. Can they? The Fair Board would like to have the districts pit their horticultural skill against the Prince Rupert Flower Society and see if they cannot wrest away some of the prizes, especially that for the best floral display.

A cordial invitation is extended to all to compete. Further information can be obteained from
