Estimates of Revenue in Jones Budget Are Overly Hopeful Says Alberni Member in Legislature

VICTORIA, March 11:—L. A. Hanna, Liberal member for Alberni, continuing the debate in the Legislature on the budget yesterday, asserted that receipts shown as estimated in the Jones budget were far too high and would not be realized. Motor licence receipts, Mr. Hanna declared, had been overestimated by \$200,000 or ten per cent and liquor profits and other receipts were of a similar order, he said. Only by this means, Mr. Hanna asserted, could the budget be balanced. While expenditures, as estimated, had been cut, salary increases had been granted to already highly paid officials, Mr. Hanna declared.

Dr. C. M. Kingston, Conservative, Grand Forks-Greenwood, defended the new income tax as being sound.

James Fitzsimmons, Conservative, Kaslo-Slocan, also praised the Jones budget and the government's course on unemployment last winter.

FREIGHTER IS LEAVING

Canadian Winner, Which has Been Tied up at Dry Dock for Winter, Cleared this Afternoon

Canadian National Steamships freighter Canadian Winner, Capt. McLeod, of the Vancouver-Montreal inter-coastal service, after having been laid up at the local dry dock for the past winter during which time quite an extensive repair job was performed upon her, left late this afternoon for Union Bay, Vancouver Island, where she will bunker coal before proceeding to Vancouver to be recommissioned in service.

Capt. Duncan McKenzie, veteran coast navigator and now pilot for Canadian National Steamships, arrived from Vancouver on the ss Prince George this morning to pilot the Winner down the coast. Members of the freighter's crew also arrived from Vancouver on the George.

Italy-France Naval Accord Will Not Be Revealed Until Tokyo and Washington Sign

LONDON, March 11:—Not until it has been signed by the United States and Japanese governments will particulars of the naval accord reached recently between Italy and France be announced, it was stated yesterday. Arrangements have been made to have Washington and Tokyo approve the pact as soon as possible.

Canadian Pacific Railway Asks Directors For Fifty Millions for New Expansion

MONTREAL, March 11:—At the fiftieth annual meeting of the Canadian Pacific Railway on May 6, authorization will be asked for an issue of \$50,000,000 ordinary capital stock in amounts on such terms and at such times as the directors shall decide.

TORONTO, March 11:—While no direct explanation is forthcoming to explain why the Canadian Pacific Railway should require an additional \$50,000,000, it is generally understood that it indicates a continuation of the company's expansion program, the Mail and Empire says. To that extent, it may be accepted as a highly favorable indication of the confidence which the management places in the future of Canada.

BROTHER TO HANG

Found Guilty of Murdering Small Girl in Quebec Catholic Institution

MONTREAL, March 11:—Albert Nogaret, also known as Brother Dosithe, employed as a kitchen helper at the Academie Roussin, was found guilty by a jury yesterday of the murder of seven-year old Simone Caron and sentenced to death on June 12 by Mr. Justice Wilson in the Court of King's Bench.

The body of the child was found in a sack in the cellar of the Academie several months ago. It bore knife wounds and signs of criminal assault.

BOX LAW REVISION

Movement on Foot to Legalize Fifteen-Round Bouts in Illinois

CHICAGO, March 11:—Revision of Illinois state boxing laws to permit of 15-round bouts in the state is sought in a resolution offered in the state legislature yesterday. At present the limit is 10-round bouts.

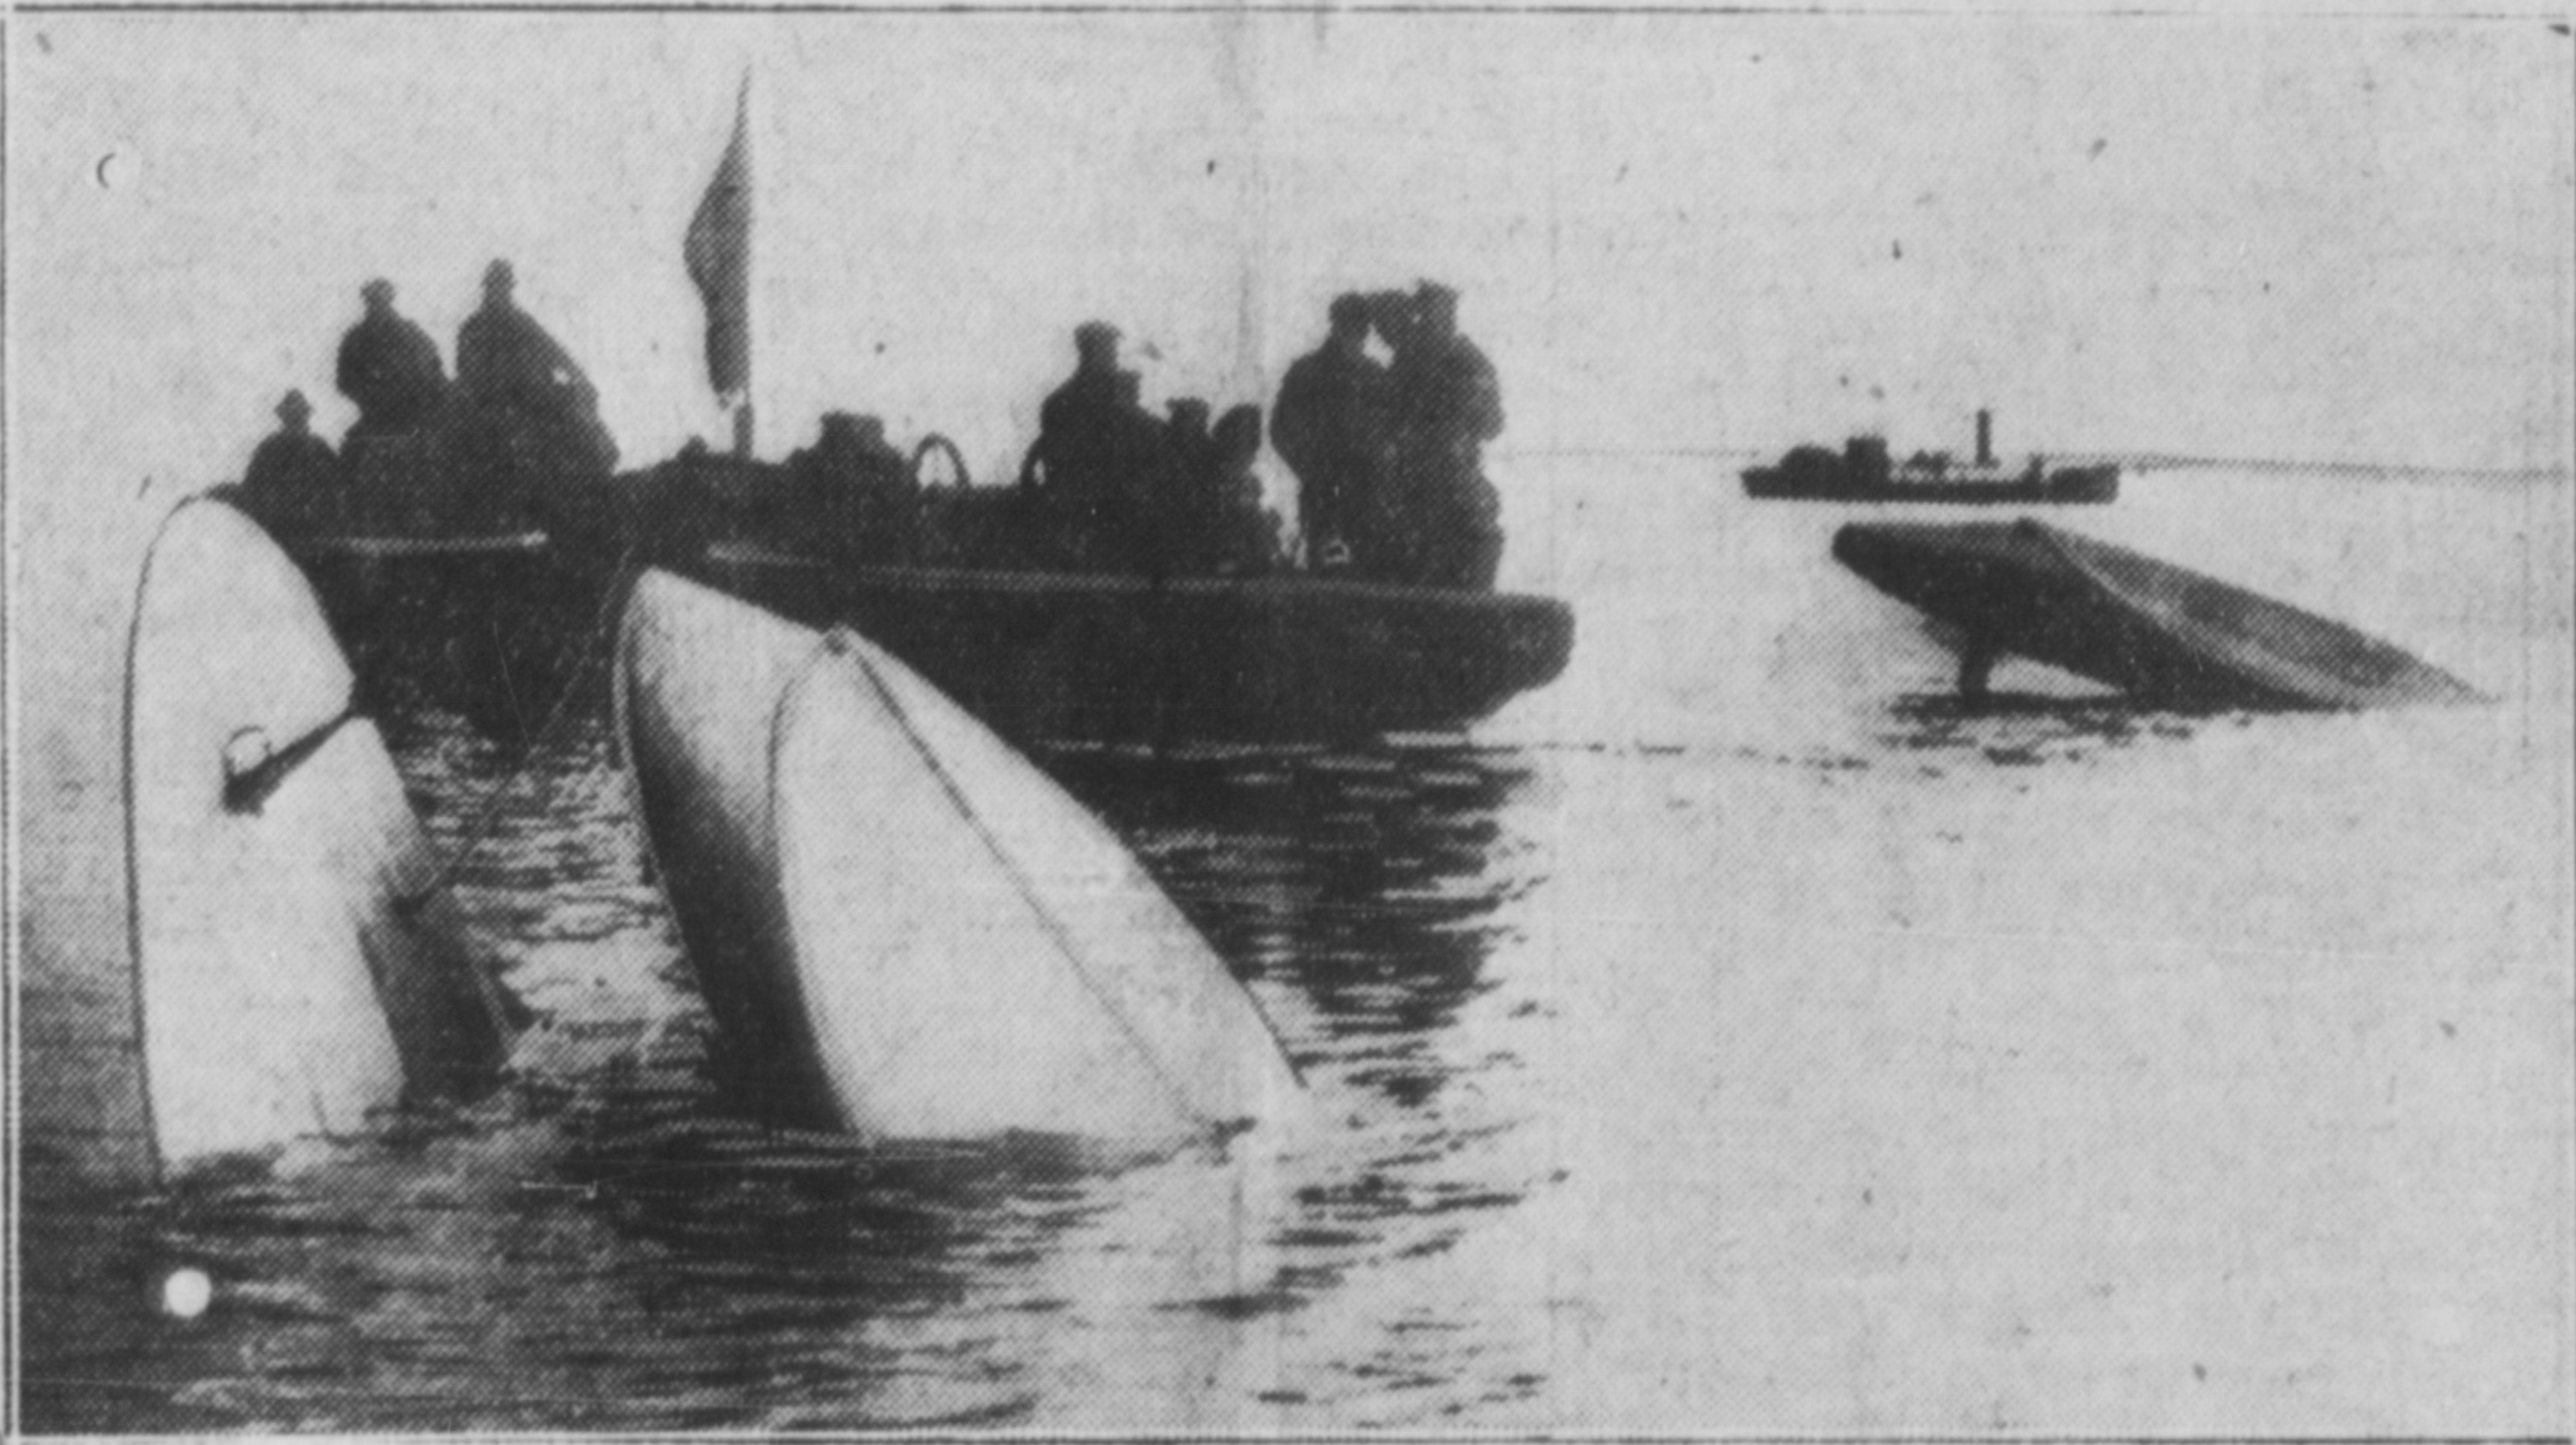

Should 15-round battles be permitted, it would give Chicago the world's heavyweight titular bout in June between Max Schmelling, the champion, and W. L. Stribling, the contender.

Burnaby Conservatives Urging Drastic Action; Government Is Being Charged With Incapacity

Better Results Would be Obtained with Ottawa Bureau They Suggest—Member Warned Not to Support Income Tax

BURNABY, March 11:—The Burnaby Conservative Association, local number 14, has adopted a resolution charging the British Columbia government with "total incapacity" and suggesting that "better results would be obtained by eliminating the present provincial government altogether and having its functions centralized at Ottawa under one system for the whole of Canada."

The resolution also calls upon J. R. Rutledge, the member for Burnaby, to resign if he contemplates supporting the proposed new one percent universal income tax in its present form.

Salmon Supply Maintained For All Time and Value Will Grow, Says Chief Inspector's Report

VANCOUVER, March 11:—The salmon supply in British Columbia will be maintained for all time and the salmon canning industry should increase in value in future, Major J. A. Motherwell, chief inspector of fisheries for the Pacific Coast, states in his annual report. He declares that the spawning grounds are well provided with parent spawners and satisfactory returns will result in cycle years.

United States traps and purse seiners in Puget Sound captured 78% of the sockeye headed for the Fraser River spawning grounds during the 1930 season, Major Motherwell states.

All British Columbia canners packed a total of 477,678 cases of sockeye, the most of it from northern waters, the report states.

DR. MANDY AT TERRACE

Gave Opener of Series of Lectures in Interior

TERRACE, March 11:—Dr. J. T. Mandy, resident district engineer to the Mines Department, Prince Rupert, opened his series of lectures to prospectors and miners in the Terrace Theatre on Monday night with 26 present.

J. K. Gordon, president of the Board of Trade, opened the meeting with a few kindly references to the excellent work carried on by Dr. Mandy and introduced him to the audience.

Dr. Mandy reciprocated the kindly remarks of the chairman and paid tribute to the value of the assistance given him from time to time by Terrace Board of Trade. He outlined the general features of the lectures he proposed to give and held the keen interest of his hearers for an hour and a-half while he presented the fundamentals of his profession and showed how the even tenor of civilization is dependent upon the use of metals in daily life.

Very hearty applause was given the doctor at the conclusion of his lecture and several appointments were made by him for individual interviews.
