Library Work

Steady Growth Has been Maintained Since Inauguration In 1922

At the meeting of the Library Board last night. H. F. Pullen spoke appreciatively of the work the library had done. Since it was!

Mr. Pullen did not favor moving into the old St. Andrews Society building just now, owing to insecurity of tenure. It would cost a good deal to move and the other building would have to be repaired at a cost of not less than \$1,000 and even then there would be drawbacks. Fuel would also cost Indian Agent and Mrs. James more in the other building. The conditions improved.

J. J. Gillis suggested that a rented building might be secured. The efforts of this year's board should be directed to securing new quarters

that the retiring members this year were G. V. Wilkinson, Mrs. Kirkpatrick, Alderman Linzey and Alderman Pullen.
