

Eczema On Hands Couldn't Put Them In Water

Mrs. Soloman Rehkopf, R.R. No. 1, Neustadt, Ont., writes: - "I was troubled with eczema for four years, and it was so bad I could not put my hands in water. I found Burdock Blood Bitters the only medicine that would give me any relief, and after taking four bottles the eczema had all left me. I can now do my own washing, and wish to give thanks to B.B.B. for what it has done for me."

"I am certain that in the North Pacific we are on the very threshold of an era of development and expansion which, perhaps, will surpass n magnitude anything that has been seen in the lifetime of anyone in this House.' That is the statement made by Hon. H. H. Stevens, minister of trade and commerce, last week when discussing expenditure is made in the way of Mrs. W. S. Anderson and her Canada's trade treaties. He based his statement partly on the stabilization of government which is being brought about in China but also he doubtless had in mind the new outlet to the vast Peace River country about which Sir the year as follows: president, Dr. Henry Thornton spoke recently as likely to benefit Prince Carl Ewert; vice-presidents, Mrs. A. lucky prize winner at Bishop's Rupert.

H. H. Stevens through his varied interests has championed Northern British Columbia in the past and we be- wood. lieve he will do so again. He has had close associations with the C. P. R. and we know now that the C. P. R. is pretty sure to use Prince Rupert as a western port that leads di- ciation has elected the following rect to the Orient. If the trade of the North Pacific improves, we have good reason to believe that the trade of John Assman B D Com A Holm

D. Whitport the western outlet for the Peace River country, or more, J. D. Gillis, Dr. Carl Ewert, J. perhaps we should be careful and say, "a western outlet." A. Leith, W. Skinner, A. McCallum, We expect it to be the chief outlet. We also look for the B. G. Parker, J. Leith and E. establishment of a regular steamship line connecting Thompson. Prince Rupert with the Orient. We hope that this will be a Canadian or British line but if our own people cannot recognize our superior position we shall have to look to

the foreigner to do so. Hon. H. H. Stevens has a better opportunity than anyone F. C. Clark and Mrs. A. McMillan; else to know what is going on in the world and looking down from his superior position he deliberately declares that he sees an era of prosperity coming for the North Pacific.

One of the Vancouver papers declares that their city is the key port. We acknowledge their superior position in regard to size and financial and commercial prominence but we believe Prince Rupert has the advantage of position and this will eventually count. The day will come when Vancouver commercial men will be scrambling to get a place in Prince Rupert to share in the prosperity which is on a successful winter season when district. bound to come to this city.
