WHY NOT OPEN BRIDGE?

Considerable impatience was again expressed on Sunday because the Galloway Rapids bridge still remains closed to vehicular traffic. Night work was resorted to in order to bring about the completion of the bridge several weeks ago, supposedly to give the public use of the span and the road beyond at the earliest possible moment.

Motorists were patient at first when it was explained that driving across the bridge would interfere with road work on the other side. Traffic beyond the bridge now, however, would not interfere with road work, it is said. In fact, it is stated that several cars have already gone across after the bars had been removed.

TO CHURCH OR STATE?

The quarrel between Mussolin and the pope centres around the question whether the children of Italy belong to the state or to the church. The Italian dictator contends they belong to the state—and he is the state in Italy today -to be done with as the state deems fit. The pope, of course, maintains that they belong to the church.

This is a historic controversy dating back to Spartan days and before. Wherever the church has become a highly organized institution it has ever disputed the state's right to sole and absolute jurisdiction of the citizen. Wars have been fought in futile attempts to decide the question and civilizations and governments have fallen because of

After the bill of rights and with the introduction of the democratic and republican forms of government the ancient feud became a three-cornered one, the new disputant being the free man who maintained that the child belonged to neither state nor church, but that the state and church belonged to the child.

Russia has established a new government on the principle that the child belongs to the state, which is free to do main there until the middle of with it whatsoever it will. The same principle is at work in Rome, although there the church has not surrendered to it.

Picture to yourself how those keen outdoor appetites will respond to a well-set board, graced by a brimming pitcher of fine, full-cream dairy milk. Then order your supply of KLIM for the summer. For KLIM is WHOLE milk, with all the cream left in, but with the natural moisture removed. In this condition it keeps perfectly without ice. It cannot sour. And it weighs only one-eighth as much as the milk it makes. Replace the water and you have fullcream, fresh-flavoured milk again. Wherever you go this year, be sure to take KLIM. Send 10c for trial size tin.

GIRLS WANTED To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beautequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

Prince Rupert will be chosen in the following manner: She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tiekets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.
