

NEEDY TO GET CREDIT AT STORES FRANCE'S DELAY IS PROVING DISASTROUS FOR GERMANY

Government Is Losing No Time in Relief Temporarily at Least

Government Agents and Provincial Police Instructed to Issue Credits of 40c Per Day—Should Be No Begging From Now On

VICTORIA, July 9:—Pending commencement of unemployment relief works on a large scale, the provincial government has instructed all government agents and provincial police in all outlying districts to give all persons who need food credit of forty cents per day at their local stores. The allowance applies to women as well as men. This action will, it is expected, tide needy persons over until some permanent plan of relief is devised without making it necessary for them to go begging.

Fine Reception Accorded Grit Leader on Tour of Q. C. Island Communities; Roads Are Wanted

Reporting having received a hearty reception at many points on the Queen Charlotte Islands which they had the opportunity to visit, T. D. Pattullo, M. L. A. for Prince Rupert and leader of the Liberal opposition in British Columbia, and Major S. F. M. Moodie, Liberal organizer for the province, arrived in the city this morning on the steamer Prince Charles from the Islands and proceeded by the morning train to Terrace, where Mr. Pattullo will speak tonight, going from there to Hazelton, Smithers, Burns Lake, Vanderhoof and Prince George.

Although many of them are not blessed with an over-abundance of this world's goods, Mr. Pattullo found the people of the Queen Charlotte Islands to be in good spirits. Considerable in the way of public works is needed on the Islands and the people there are loath to accept relief work, feeling that there is some stigma about it. They would much prefer a program of regular public works which would fill their just requirements.

Mr. Pattullo spoke at a scheduled meeting at Port Clements on Tuesday evening and last evening an impromptu meeting was held at Massett. This meeting had not been scheduled at Massett but the people there virtually demanded to hear an address by the popular Liberal leader, particularly in view of the fact that the steamer was staying over long enough to give ample time for such a meeting. Mr. Pattullo received an enthusiastic reception and good hearing at both meetings. He criticized the government for spending so little on ordinary public works although considerable money had been appropriated at the last session of the legislature. Mr. Dunroo was chairman of the meeting at Port Clements while E. R. Walter presided at Massett.

Mr. Pattullo also visited Sandspit, Queen Charlotte City, Skidegate, Lawn Hill and Tiell but meetings were not held at those points.

Paris Sees In Hoover Plan Move Towards International Disarmament—President Proposed Survey of War Debts and Reparations

BERLIN, July 9:—France's seventeen-day delay in acting upon the proposal of President Herbert Hoover of the United States for an intergovernmental war debt moratorium may prove fatal to Germany's finances. Governmental officials, bankers and others are exerting frantic efforts to prevent the country's financial structure from toppling over, pending France reaching its decision.

CASE IS FINISHED

One Year's Suspended Sentence For Former Clerk of Village of Terrace

Judge F. McB. Young, in County Court this afternoon, suspended sentence for one year on Henry Halliwell, former clerk of the village municipality of Terrace, on a charge of theft of several hundred dollars during his term of office as clerk.

W. E. Fisher acted as crown prosecutor in the case while L. W. Patmore defended. The hearing occupied three days of the court's time and many witnesses were heard, both for the crown and defence.

Argument of counsel was heard this morning and the case was then adjourned until after luncheon for decision.
