"TRADE BOOMS AND SLUMPS"

(By William G. Hamilton, Prince Rupert)

spring will mark the beginning of pleasures. All the money went into a great revival. Why should we radios, phonographs, autos and so common, working people always on, not increasing the wealth of look to these men for advice? Can't the country, and consequently was

we think for ourselves? Here at bound to lead to nothing. opinion. There have been many trade de- in New York followed by the crash,

pressions and booms in the past also due to the problem of overproand, judging from those, I'd say duction. there are two factors which are a better business year in 1931.

The first is-that these slumps in the past have invariably gone in cycles and then have been followed by a period of great activity.

The second is that there is a growing tendency on the part of itable. the people to loosen up with their cash and pay more attention to the financing of the industries of the

The last movement on the part of the public, to my mind, is a more promising one than has been shown for some time. It will lead not only Speculative to a boom in trade but to a prosperity that will outlast those of former periods.

> much wiser and knows more readily the danger signs, it is unfortunate

Playing On Imagination

Whenever there is a great dismoney and hand it over to those companies which are being formed to exploit those concerns. This would otherwise be used in the financing of trade. Generally at that Little Miss Joyce Gawthorne Actime a number of oil drillers and gold diggers make their appearance with no other asset than self-assurance and ability to play on the

Take in the silver boom, one or Saanich for the past nine years. along with a dozen dud companies.

Many of our eminent writers and that capital without which no trade

least is one who dares express his The present depression is due mainly to the orgie of speculation

Since then we have had a change bound to prove that we will have of government. A new set of men with new ideas have come to the front. They are doing their utmost to create a change for the better. They have the support of the whole country behind them, so one would think the turn in the cycle is inev-

> That is why I expect to see a new boom well on the way by spring. My words may not carry as much weight as those personages who make a habit of airing their opinions in public but I know some of the working class will take heart when they read that one of themselves has faith in the future.

The average speculator today is Grassy Plains Couple Wedded
