

## BIOLOGICAL TEAM WINS

Received Defeat 14 to 13 in Soft Ball Last Evening

On account of the Biological Station wishing to get all their games in the C.N.R.A. Softball League cleared up before their players leave, they last night played the R.C.N.V.R. and made their second victory this season by defeating them 14-13.

The Biological players got away to a good start and, by the fifth inning, they led their opponents 11-2 but the navy boys could not let that condition exist and they went in and collected 4 runs, making the score 11-6. In the eighth inning the Biological Station made three more runs and the R.C.N.V.R. made 6, making the score 14-12. Then in the ninth, the Navy brought in another run with two men down but could not make the run which would have tied the score.

Batteries were Brocklesby and Smith for the Biological Station and Pitcher and Peterson for the R.C.N.V.R.

The next game will be played tomorrow night between the Biological Station and the Roundhouse.

## LETTER BOX

Editor, Daily News:

Referring to the item in your Letterbox of yesterday's issue, on behalf of the Canadian National Recreation Association, I hereby accept the challenge put forth by the Spartan Club, and the above-mentioned Association will enter a team on Labor Day to compete in the medley relay race.

Thanking you for valuable space.  
W. D. McINTOSH.

## Mobley Cup City League Soccer Tightens Up in Interesting Way As Regiment Defeats Merchants

With a five to nil score over the Merchants last evening, the Regiment went into the lead in the Mobley Cup city league football series as a result of their superior goal average though the teams have the same number of points with the same number of games played. Each has still to play the Legion and these games on Wednesday and Friday of this week are sure to be keenly fought out. Should the Legion win both games all three teams would have the same number of points and goal average would then be the deciding factor. The standing in the league is therefore of particular interest.

The exchanges in the first half were all in favor of the Merchants who attacked repeatedly. Smith in goal saved well from A. Dickens and Chenoski was just wide with a fine drive. Currie also narrowly missed with a shot and a header of his was just too high. Hunt cleared strongly and Kelsey headed away in a dangerous situation. In one of their occasional breakaways Wilson's weak shot was poorly handled by Vink and Norrington was quick to put the ball through for the Regiment who did not deserve the lead on the balance of play. Wingham and Edgcombe broke up Merchants' attacks and a long pass from Wilson gave Norrington an opening that he took full advantage of to go through and score with a high shot from a difficult angle. The Merchants still continued to have the major part of the game but the Regiment defence held out.

Dickens and Russell made headway but Hunt cleared and then, while the Merchants' defence waited for the ball to go behind, Wilson got to it to cross in front of goal and Norrington made his own and the team's total three. McKay and Chenoski staged neat combination but Hunt and Thurber cleared. Smith punched away a fine high shot and Russell was unlucky with a shot that was blocked. Currie kept pushing the ball up to his forwards but all to no avail. Then Wilson added a fourth for the Regiment after Colussi and Norrington had made the opening. Norrington and Wilson staged a nice bout of passing and Hill, in trying to save the situation, turned the ball past Vink to make the Regiment's total five. Smith was again called on but cleared. Wilson shot over from a penalty. Lyons and Walters were dangerous but Douglas cleared. The Merchants staged another attack but could not find an opening and the Regiment ran out winners by five clear goals.

Referee, J. Johnston; linesmen, A. Clapperton, G. Blake.

**Weak Shooting**  
On the balance of play in the first half the Merchants should have crossed over with a comfortable lead but weak shooting, coupled with the splendid defence of the Regiment, kept them out. Smith played a fine game in goal and Hunt and Thurber were reliable under pressure. Kelsey, Edgcombe and Wingham made a rare trio of fighting halfbacks who never gave up. They had time to try to feed their forwards too. Colussi and Lyons played a big part in the victory helping the defence and giving their wing men and their centre chances. Norrington had the hat-trick—three goals in succession—and the Regiment owe a lot to him. Wilson missed a penalty for the second time in successive games. He seems to have lost his shooting boots. Walters, who was indisposed, was a good trier.

Vink was not very reliable in the Merchants' goal though the first goal was the result of a misunderstanding between the back and him. He had little chance with the other shots but does not clear quickly. Menzie turned in a good game at back and towards the end went up to try get a goal. Douglas played a steady game. Currie was the pick of the halves but could not get his forwards going. Hill and McKay were also good. The forwards could not solve the Regiment defence. A. Dickens, Chenoski and Russell were the best but their shots were all being spoiled by the tackling of the Regiment defence. H. Dickens played hard by S. Dickens was not up to his usual standard.

## Vancouver Ball Team Wanted to Come Here Again

According to a communication which has been received by Stan Moran from Able Cross, heavy hitting first baseman of the Vancouver all-star baseball team which was here for the fair last year, Vancouver would have liked to have sent another such team north this fall. However, it will be impossible to bring a Vancouver team here this time owing to the fact that it has already been decided to have the Hazelton team, champions of the central interior.

### RAMPARTS CONQUERED

(Continued from page one)

carried an injured companion over the long miles of rugged trail to the town of Jasper. The injured member of the party is Dr. H. E. Bulyea, Edmonton, who suffered a fracture of the leg in the descent of Mount Gelkie and was forced to spend 40 hours on the mountain amid falling snow and in severe cold, before his fellow climbers were able to effect his rescue.

Three of the alpine party, Dr. Bulyea, Wates and Miss Helen Burns, Edmonton, accompanied by a professional guide, Hans Fuhrer, of Jasper Park Lodge, had negotiated the ascent of Gelkie over the old route up the southeast side. In the descent, the climbers had reached a point about one-third of the way from the summit and were descending a vertical chimney with Dr. Bulyea in the lead, when a large rock became detached and struck the leader dislodging his hold so that he fell about 20 feet to a rock ledge, breaking his leg. It was decided to leave the lady member of the party to look after the injured man while Wates and the guide descended the mountain for assistance.

**Rescue Party**  
The rescue party included Fuhrer, Captain E. R. Gibson, Edmonton, and E. L. Woolf, Ardsley, N.Y., and after an all-day struggle, they succeeded in lowering Dr. Bulyea down the almost perpendicular face of the mountain, and so to the Bivouac Camp, from where he was brought by easy stages to Jasper.

Other expeditions carried out by the party included the first ascent of Scarp Mountain by Gibson and Woolf, the ascent of the east ridge of Mount Edith Cavell by Gibson and C. L. Anderson, Edmonton, and the crossing of Drawbridge Pass by the Misses Ada Cooley, Peggy Brock and Wilma Watson, all of Edmonton, Don Sanderlands, Calgary, and Wates. Unsuccessful attempts were made upon Mounts Dungen and Gelkie by new routes. During the first days of the expedition, the first ascent of Eremit Peak was made above Crome Lake by Captain Gibson, Woolf and Walter Streng, Cincinnati, Ohio.

**HAZELTON IS BEAUTIFUL AND SHOULD BECOME A VERY IMPORTANT HUB.**

(Continued from page one)

cultivated but most of it has now gone back to acreage and farming is taking the place of land speculation.

**Alaska Highway**  
The people of Hazelton expect the highway to Alaska to branch northward from their town, for air travel to make them an important stopping place, for the Peace River outlet to join the C. N. R. main line near the town and for the mines to develop, the farming to extend and last but not least for people to come from far and near to enjoy their climate and their sports.

One of the institutions of Hazelton is the hospital, managed by Dr. Winch for the United Church of Canada. It has a new building erected partly by the church mission board, partly by the government of British Columbia and partly by the residents of the district. It is a fine building with all the latest things in hospital facilities. It is a great boon to the whole countryside.

Hazelton is not incorporated, it has no board of trade, but its people have plenty of public spirit and they show it many ways, especially in connection with the latest golf links, with the flower show and with the provision of flowers year after year for the dining cars of the Canadian National Railways with their unique advertising pictures.

The case of A. Donald charged with being the keeper of a gaming house, and six men, charged with being inmates, was further adjourned at the request of defence counsel, T. W. Brown, on coming up before Magistrate McClymont in city police court this morning.

# GIRLS WANTED

## To enter Contest for America's Most Beautiful Girl

The winner will be chosen during fair week in Prince Rupert and will get a free trip to Los Angeles and back and be entertained lavishly while there.

Entrants must sell 50 tickets to the Big Coronation Ball, the last day of the fair. Nothing else to do but look pretty. It's the chance of a lifetime.

The fair board at its recent meeting decided to enter a candidate in the International Beatequest at Los Angeles in connection with the celebration of the one hundred and fiftieth anniversary of the founding of the city, when the most beautiful girl in America will be chosen.

The local candidate will be chosen at the time of the fall fair and immediately after her selection she will have to leave for the south to get there in time for the big California event. Her expenses going and coming will be paid by the Fair Board but while there she will be the guest of the Ocean Park Businessmen's Association, who are sponsoring the event. The attraction for the candidate is set forth in the following letter from the south.

"Your candidate will be met at the railway station, dock or airport by a committee representing the Ocean Park Businessmen's Association.

"She will be the guest of screen stars at various functions.

"She will be entertained by a reigning star of the screen at her home.

"She will be included in all parties listed as part of the program of the International Beatequest and La Fiesta de Los Angeles.

"She will occupy a position of honor in all gatherings including pageants, parades, spectacles, receptions and, in fact, all events planned for the International Beatequest and Los Angeles' great reception."

Candidates must be between the ages of 16 and 30, unmarried and of good character and the one going from Prince Rupert will be chosen in the following manner:

She or her sponsors must sell 50 tickets at \$1 each for the big coronation ball to be staged on the last day of the fair in the exhibition building. For the one selling the most tickets a prize of \$50 will be awarded.

She may enter without sponsors if she wishes but she must sell the tickets.

The candidates must attend the Exhibition every evening while it is in progress here. On the first night one selection will be made by competent judges. On the second night a second candidate will be chosen by another set of judges and on the third night a third candidate will be chosen by a third set of judges.

These three candidates will attend the coronation ball accompanied by the other candidates and at 9 o'clock, the final selection will be made. Two hours later the coronation will take place here and the following day the winner will be required to leave and travel as rapidly as possible by steamship, airplane and rail to Los Angeles.

Candidates from points around Prince Rupert may enter, such as Anyox, Ocean Falls, Smithers, Terrace, Stewart, Hazelton or other points and they will be required to sell 25 tickets to the coronation ball in order to qualify.

Candidates either in the city or out may be sponsored by organizations who may help them in disposing of tickets or otherwise in connection with the event.

Candidates or their sponsors should notify Secretary Vance of the Fair Association at as early a date as possible and as soon as the tickets are ready may commence disposing of them.
