Here's another attractive

Most women find it difficult to think up new ideas for attractive menus . . . This one, suggested by Miss Katherine M. Caldwell, cookery authority of Canadian Home Journal, Toronto, is therefore sure to please.

LUNCHEON MENU Cheese and Vegetable Soufflé with Cream Sauce Buttered Whole Wheat Toast Sweet Pickles Hot Raspberry Biscuits* Chase & Sanborn's Tea

For afternoon tea, there is nothing nicer than these same Raspberry Biscuits, shaped daintily with a tiny cutter-split, buttered and served piping hot, with a cup of perfect tea! Miss Caldwell says: "Magic Baking Powder is easy to use because its uniform, high quality never varies. I use and recommend Magic because my experience has proven that it always gives consistently better baking results.

Look for this mark on every tin. It is a guarantee that Magic does not contain alum or any harmful ingredient.

2 cups flour Baking Powder

4 tablespoons shortening Tea-cubes of sugar Raspberry juice or syrup

Mix and sift the dry ingredients. Cut the hard, cold shortening into them with a knife, using a quick, short, chopping motion) or reduce the hard cold fat to tiny particles with a pastry blender or a steel-pronged fork. When the mixture resembles a very coarse meal, add the liquid, mixing quickly and lightly. Turn out the dough on a slightly floured board; pat it down lightly or roll it to a thickness of about one inch. Shape with a small cutter or cut in squares with a floured knife.

Dip the small lumps of sugar into syrup from canned or fresh raspberriës . . . Press a lump into each biscuit . . . forcing it well down into the dough so that it will not run down the sides

New Carrier Collection System

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

The delivery boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!
