> manifest in athletic circles in Canada at the present time in the possibility that Canada will be visited this fall by Neils Bukh, famous Danish athletic instructor and head of the Gymnastic People's College at Ollerup on the Danish Island of Fyn. Prof. Bukh, with 24 of his students, 12 men and 12 women, is going to Japan this summer at the invitation of the Japanese government to demonstrate his system of 'fundamental gymnastics," and an effort is being made to induce him to bring his party through Canada on his way back to Denmark, ac cording to F. H. Hergel, acting consul-general of Denmark, in Montreal. Prof. Bukh, stated Mr. Hergel takes people of ordinary physical endowment and makes finished athletes of them in six months. His system is radically different from anything in practice elsewhere. He has given demonstrations in many other countries and his school is visited annually by many teachers of physical training who go to him for "post-graduate" work. It is felt that Prof. Bukh might be able to assist the trainers who will be preparing Canada's athletes for the 1932 Olympic Games in Los Angeles.

Other Developments Columario Mines and the Mitts and Diadem groups at Usk have been going ahead with work this summer and are rewarded by what are said to be good results. The Columario is a gold mine financed by eastern and U. S. capital and has

good prospects. Cronin Mine in the Babine Range is being developed by the Babine Bonanza Mining and Milling Co. Ltd., the company of the late Jas. Cronin of Spokane. Although a silver-lead-zinc mine and 30 miles from the railway a small crew has been kept steadily at work throughout the winter and spring. Chas. E. Theis and H. H. Hunt of Spokane inspected the progress of the work last week and are well satisfied with results. It will be kept going steadily throughout the season:

In the Babine Range important work is being done on the Driftwood Creek road under a department of mines grant. This is the main approach to the mining properties on the Bulkley Valley slope of the Babine Range. It is hoped to have the present sleigh road made into a motor road as far as the Silver King Mine this season.

Survey work on the Schufer property and surface development on the Silver Lake and Trade Dollar Groups is now proceeding under the options to W. R. Wilson & Sons.
