BIG BUSINESS WHEN BAN LIFTS

Heavy Importation Expected When Dominion Prohibition is Rescinded—Large Quantity in States.

(Special via G. T. P. Telegraphs.)
OTTAWA, Dec. 22.—That there will be a heavy importation for the replenishing of cellars gone dry by the long drought is expected just so soon as the prohibition and manufacture of alcoholic liquor is lifted. However, there is no doubt that some of the provincial legislatures will take advantage of the legislation placed upon the statute books last session, to petition for a plebiscite upon the question of importation and manufacture so far as their respective provinces are concerned.

It is stated that there are 400,000,000 gallons of intoxicating liquor in the United States which must be exported by January 16. It is certain that much of this quantity will find its way into Canada and there are even some who hint at a connection between the Canadian and American dates.

The Man in the Moon SAYS—

That the doctor who issued 1,000 prescriptions in one month will lose a meal ticket when the prohibition lid lifts.

That some of the young damsels of Prince Rupert are expert hypnotists. They can get the young fellows to do just what they will.

That it was ever thus, even in the past generation.

That it will be so in the next generation even also.

That to be young and in love makes a man look foolish. Yet who would not?

That to be in love is the beginning of wisdom. But understand! Who shall find her out?

That the water seems to be following its usual course in Morse Creek.

That the dam seems to be for show rather than for use.

That someone said that Morse Creek was not worth a dam, anyway.

That Santa Claus is a right good fellow.

That A—B—C's automobile is like the Granby Company. It's got a hidden creek.

That Wilhelm of Hohenzollern wants to choose the time and place of his trial and also the manner of his death. Like Punch he prefers to die of old age.

That he needn't worry.

That the future members of St. Andrew's Society had a whale of a time last night.

That some of them wished Christmas and Santa Claus would come oftener.

Every child in Prince Rupert is invited to be present and will receive a free gift from Santa Claus himself.

KETCHIKAN FELT BLOW LAST WEEK

Last week's storm is reported to have done a great deal of damage around Ketchikan and was described as the wildest known for many a season at the Alaskan city. Roofs and smaller buildings suffered considerably and some damage was done along the waterfront.

Alderman Perry reported at last night's council meeting that the Indians object to paying taxes if they could not have their children attend the schools. The provincial government had withdrawn the poll tax because Indian children were not allowed to go to the white schools. Ald. Perry inquired from Ald. Kirkpatrick, who is also a member of the school board, if the Indians would be admitted to the city schools or their tax refunded. Ald. Kirkpatrick was unable to say, offhand, what would be done, but promised to take the matter up with the school board.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initialed where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy ends of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
