WHY NOT THE TRUTH?

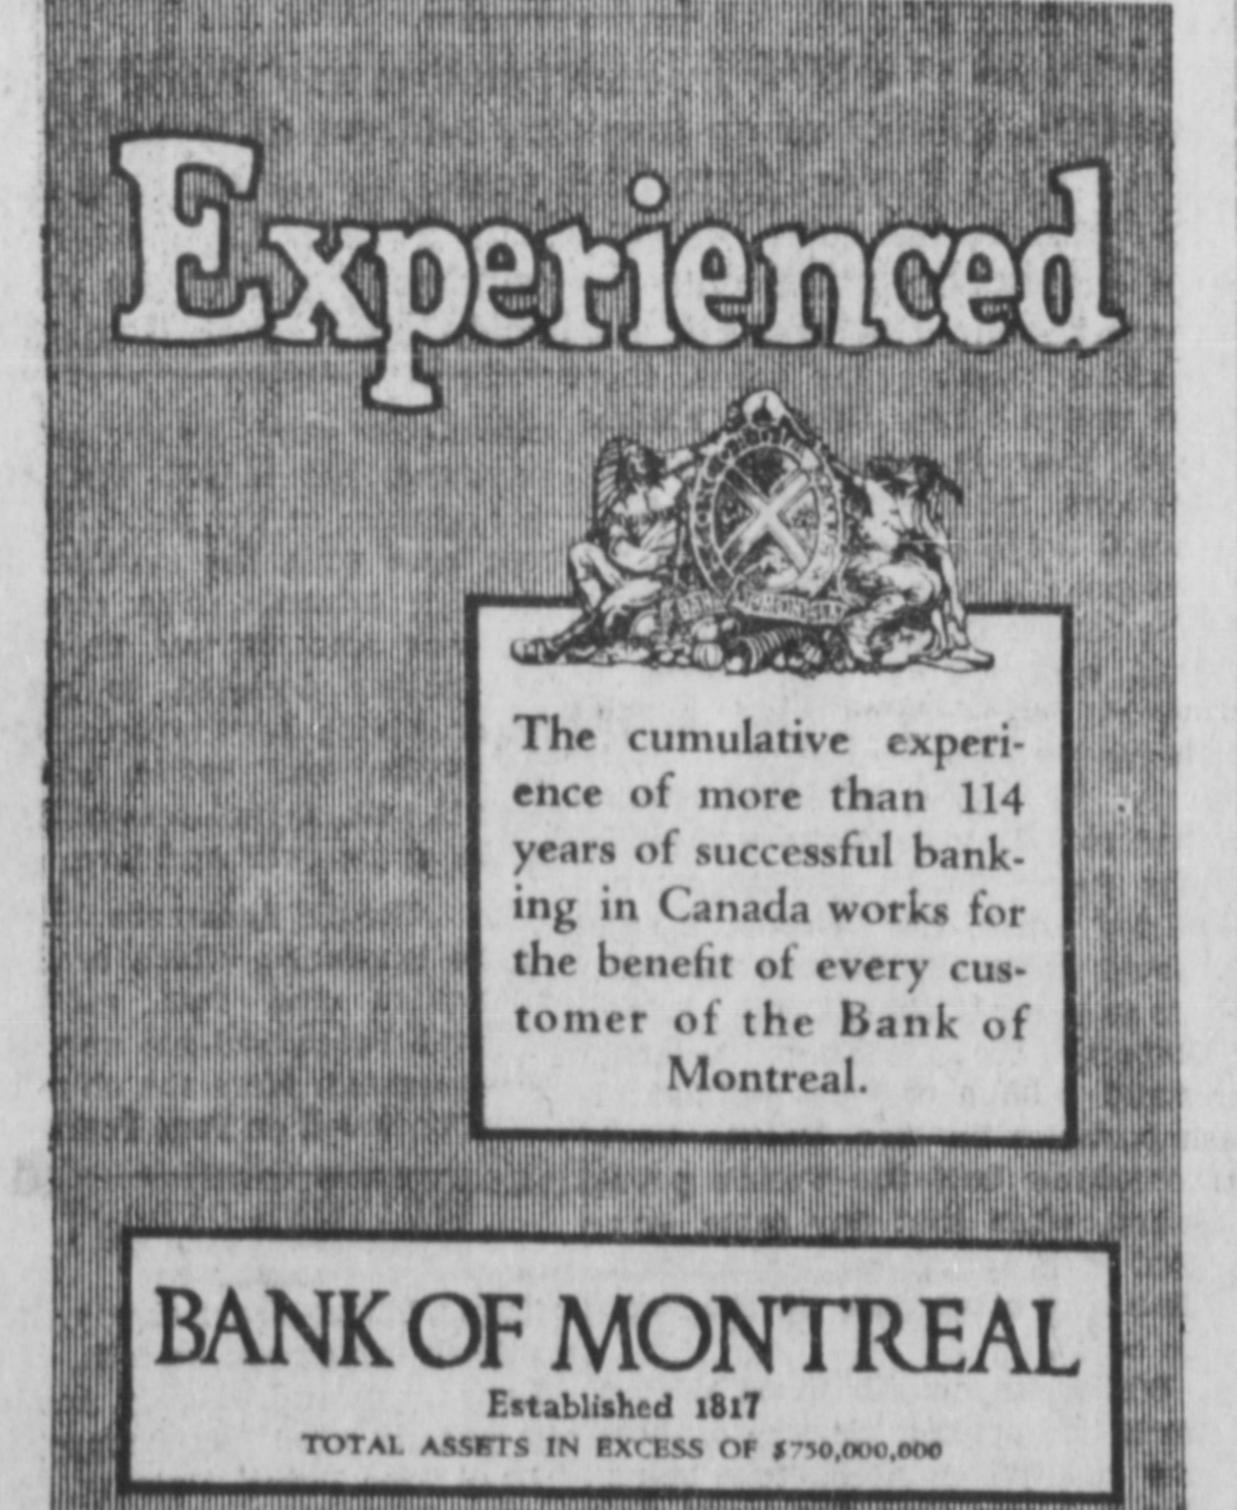

In its leading editorial Saturday, the Vancouver Pro- N. V. R. vince says:

Whatever may be the nature of the dispute between the League. Ottawa and the Victoria governments about unemployment relief funds, the time has come when the facts should. be known to the people of this province. They have a right League. to know because, in the long run, it is the people of this province who will have to pay. They have a right to know for a more immediate reason. This dispute is making a great deal of trouble. We know that merchants in Burnaby, for instance, are threatened with bankruptcy because the municipality can't pay relief bills, because one or the other government is withholding payment of agreed the whole unit is backed by the De- Miss Donald, arrived in the city moneys on unemployment relief account. Well, the time partment of National Defence has come to demand a clearing up of this entire business.

There is no disguising the fact, to begin with, that there other class of boys and one class of is a dispute between the two governments. Hon. R. W. girls. Members of these classes do as at Terrace and they will have Bruhn, provincial minister of labor, says one thing. Hon. not have to belong to the R. C. N. H. H. Stevens, speaking for the Dominion government, V. R. or Sea Cadet movements. says another. Mr. Bruhn tells the special committee of the Legislature that thousands of men in the relief camps of CONTINUING British Columbia have been without work for four months because money promised by the Dominion government never came to Victoria. Mr. Stevens is reported as saying that Ottawa has sent all the money it promised to send, and \$800,000 to boot—\$2,800,000 in all, since Mr. Bruhn. went to Ottawa last November. Mr. E. D. Johnson, pro- These will sit with the representavincial deputy minister of finance, has deposed on oath to tives of the city council who this this committee that not one dollar has been received by Victoria from Ottawa, for distribution to the municipal- casey. ities in respect of Ottawa's agreed share of municipal relief work.

Perhaps Mr. Bruhn and Mr. Stevens are not talking about the same thing, and perhaps it is all a misunderstanding. If it is so, it is a very stupid and mischievous in its work. President Glassey paid misunderstanding. It is not made any better by the appar- tribute to Mr. Dion's splendid work ent reluctance of the Tolmie government to disclose all the in the past for the fair. relevant correspondence between the two governments about this business. Mr. Pattullo is demanding to see all and Gyro Clubs for having turned that correspondence, and we think he is quite right. It has over to the board their profits on ceased to be a confidential matter between the two re-operation of concessions and to the gimes. If Ottawa has gone back on its agreement with press for its splendid support dur-Victoria, let us know it and done with it. If another ex- ing the past year. A vote of thanks planation is the proper one, if the money has been sent, who had assisted the board in the and the financial embarrassments of the Tolmie govern- onerous task of raising subscripment have compelled it to give the banks priority of pay- tions, these including Mayor C. H. ment over the municipalities, let us know that.

Whatever the trouble is, there will be no satisfaction ker and Frank Dibb. A formal vote until we get the truth about it. The appointment of the of thanks was also tendered to the special committee by the Tolmie government was a promise to give us all the facts. Let us see what has passed labors of the president last year between Ottawa and Victoria, and then we can judge for The work had been carried out by ourselves.

In general discussion before the meeting closed. Frank Dibb expressed the opinion that the board did not need to feel discouraged in regard to finances if it cut its cloth according to the material on hand and governed itself on the basis of circumstances prevailing, J. J. Gillis suggested that the board might delay the making of improvements, with the exception of such as were absolutely essential, until after the fair when there would be some idea of finances available. Horace Duhamel believed there might be considerable cutting of prize money. Mr. Sherman thought that cutting down the prize money would mean a large decrease in exhibits. N. Mussallem urged continuation of the plan encouraging individual displays from farmers instead of large district exhibits.

There was some discussion as to the most suitable dates for this vear's fair. August 30 and 31 and September 1 and 2 appearing to be favored dates. However, this will be decided on next Sunday afternoon when the new board has its inaugural meeting.

"How do they do it?"

Aluminum Cooking Spoon

This offer applies to resi-

dents of Canada only and

expires on April 30, 1932.

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
