# GOOD PROGRESS IS BEING MADE AT LOCAL DOCK

Two Hulls Are Beginning to Take Concrete Shape in the Ship Ways.

REPAIR WORK STEADILY GOES ON—ALBERT DONE

With a force of about 250 men steadily engaged at the local shipyard and repair dock, work is going steadily forward. Being considered practically unnecessary the small night shift that has been engaged at Hays Cove for the past few weeks has been cut off and the men are now on day work.

For the past few weeks repair work has been taking a lot of attention at the yards. The "Prince Albert" has completed her repairs and is now on her regular run again. The "Prince John" is expected to go on the dock very soon and will be replaced on the outside run by the "Albert." The "Tilamook" is laying up for the winter at the drydock and repairs are being gone on with. She will not be needed for active use for some months yet. The officials of the yard expect to get the big three-stacker "Prince Rupert" on the pontoons next Monday. She will proceed to the dock after her return from Anyox on Sunday night next.

### Car Barge Work.

The car barge for use by the Whalen Pulp and Paper Co. in carrying pulp and lumber between this port and Swanson Bay for shipment over the G. T. P. to the east is being put in shape. There is a great deal of repairing and alterations to be put on the barge and it will be at least a month before she leaves the yards. After that the galls will have to be put on at the slip but this will take very little time.

Besides this repair work smaller boats are continually coming in for minor repairs and now is the time that the fish boats come in for their overhaul. The repair section of the crew at the local dock has been kept very busy.

### Ship building Progress.

Work on the two hulls is going on apace and progress is considered quite satisfactory by the officials. More than half the bottom frames of both ships are already in place and real progress can be seen as the first Prince Rupert ships gradually take shape. Although rumors regarding changes in the management and general policy of the plant fill the air none of these are confirmed by the officials. They admit that changes in the plans are considered, still nothing definite has yet been settled upon. No official statement regarding changes can yet be obtained.

# MR. TITE HONORED BY HOSPITAL BOARD

Much Assistance Given to the Institution to Be Recognized.

A brass plate bearing the words "George D. Tite Ward" is to be made and placed over the door of the ward in the General Hospital furnished and kept up by the popular furniture man. Such was the recommendation brought to the meeting of the Hospital Board by the House Committee at last night's meeting and unanimously adopted. It was considered that this recognition was the least the ward could give Mr. Tite for the interest he had always manifested and so consistently backed up with various gifts which he had made to the institution ever since its inception.

Mr. Tite has furnished more than one ward in the hospital and has always shown a public spirited interest in the institution.

# PRINCE GEORGE

Alec. Ogsten, M. A., after a long service overseas with the Princess Patricia's, has returned to Prince George to practice law. Since being discharged from the army Mr. Ogsten has been doing legal work in London and Vancouver.

The Prince George Hotel which has been closed since October, 1917, has been reopened under the management of J. H. Johnson, proprietor of the Alexandra.

A son was born to Mr. and Mrs. Harry Holland on December 17.

Within the boundaries of the city the snow has almost completely disappeared and the green is showing through. The breaking up of the sleigh roads is proving of great inconvenience to the farmers.

A delightful dance was held in the Alexandra Hotel on Christmas night. There was a large number of guests present and excellent music was supplied by Balagno's orchestra.

# How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
