PRINCE RUPERT SCHOOL BOY GETS EYE OPENERS

Little school boy could see by closing his eyes to mere slits, in fact he could see good enough to pass the school tests but naturally the mother did not like to see her son going around with his eyes closed. She brought him to Geo. F. Davey, Reg. Optometrist in charge Optical Dept. of Max Heilbroner, Jeweler, for examination which showed a very bad case of astigmatism. One of those cases which take a little more than the ordinary skill to fit. The new glasses proved to be real eye openers and here is another mother who will be pleased to recommend our services.

It's worth ten cents a week to get the Waterfront Whiffs on Saturday. It's worth something to have the topics of the day discussed in an impartial and interesting manner. It's worth something to follow the adventures of Tillie the Toiler every evening. It's worth a good deal to be able to read the local advertising and to know where to buy and what price to pay.
