enteen addresses on this district were given in all. This chamber of mines purchased lantern slides for use in this connection, in addition to others purchased by myself, and those borrowed from the department of mines, the Bureau of Provincial Information, the B. C. Chamber of Mines, and A. C. Garde.

"Assistance given by Premier Tolmie, the Publicity Bureau and the Bureau of Mines of the British Columbia government, by the B. C. Chamber of Mines, by the Resources Department of the Canadian National Railways, by the organization of the Native Sons of Canada, by the Seattle Chamber of Commerce, by various boards of trade and chambers of commerce in different parts of Canada, and by other bodies, combined to make a success of a different undertaking carried out at a most difficult time. Educational Work

"We co-operated with officials of the British Columbia Department of Mines who gave instructional classes, free, in mining and geology, at Smithers, Hazelton and Usk last March. These proved to be of great interest and value and we have already made a request for further classes this year.

"We have kept available ore and rock specimens, and also reading room and reference library facilities, in our chamber of mines at

"We have continued our support of the campaign for the rehabiliation of silver, which is rapidly gaining ground throughout the world. We can look forward with hope to something definite being done about this in the near future.

"Although mining progress in our district has been far from what we could have wished, yet some progress has been made even in the past year. Let us continue our confidence that the future will bring Omineca Mining Division to the condition of prosperity which its natural resources surely warrant.

"Let us relax no effort on our own part to bring it about. The work of his organization, as carried on luring the past six years, must go on steadily until success is fully

Johnson Russ of Greenville, after a brief visit to the city, let early this morning for Port Simpon, where he will pay a visit with on his return to his home up the Naas River. He has been here in connection with obtaining of relief or the natives of Greenville.

ANNOUNCEMENT

Jasper Wildfire Coal is now the nottest in the domestic field. Gov. rnment analysis shows it to be the highest in B.T.U.'s and less ash. It starts quick and lasts longer. Furthermore, for your benefit don't think for one minute because our coal is lower in price that we are giving you a cheaper grade as other coal dealers may state to you.

Your next order "Jasper Wild-Wednesday-ss. Pr. Rupert 4 p.m | fire," egg or lump. Note our adv. for eash prices and save your dollars Hyde Transfer-Phone 580

his wife who is ill in the hospital there, after which he will proceed Someone Asked the Other Day

why the Daily News had such a large circulation in the city. It was easy to answer. The reason is because those responsible for the production of the paper put the very best they can afford into its makeup and sometimes more than they can afford. They give the people the best possible for the money.

ONLY ONLY 10c. a Week that is the price of The Daily News Delivered to Your Home

It's worth ten cents a week to get the Waterfront Whiffs on Saturday. It's worth something to have the topics of the day discussed in an impartial and interesting manner. It's worth something to follow the adventures of Tillie the Toiler every evening. It's worth a good deal to be able to read the local advertising and to know where to buy and what price to pay.

The Daily News is a paper that is representative of the city and no one need be ashamed to send it away to their friends.

Telephone the office and the boy will call and collect.
