The TRUTH

WITH so many opinions about bran, it is well to know the facts. Here are the results of laboratory tests with bran:

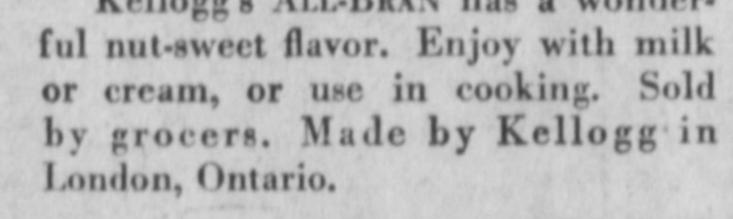

Bran is a good source of Vitamin B. This vitamin helps tone up the intestines and keep them regular. Bran also supplies "bulk" which further aids intes-

tinal action. The "bulk" in bran is much like the "bulk" you eat in lettuce or other leafy vegetables. This "bulk" absorbs moisture—like a soft sponge -and gently cleanses the intestines of wastes. Bran

also brings the body needed iron for the blood. A pleasant, safe bran cereal is Kellogg's ALL-BRAN. Millions of people have used it with satisfactory results

over a period of ten years. Two tablespoonfuls daily of this delicious ready-toeat cereal are usually sufficient to prevent and relieve both temporary and recurring constipation. If you

suffer from intestinal trouble not relieved this way, consult your doctor. Kellogg's ALL-BRAN has a wonder-

adopted and increased taxation is

This plant was sold in 1929 to the N. B. C. Power Company Ltd., for \$375,000. At that date there were outstanding debentures against this utility amounting to \$228,000, and under the city's Validation Act of that year it was provided that the city council should not make any disposition of any money received from the power company until a sufficient sum had been set aside to provide for the payment of interest and instalments of principal falling due from year to year on these debentures. After deducting \$3,000, the expenses of transfer

Inability of taxpayers to pay their chase price, \$228,000 was set aside and specifically invested for the aforementioned purpose, leaving balance of \$144,000.

First of all let us follow this \$228,-000. In 1929 \$23,000 of it was used to did acting of Lionel Barrymore as pay that year's debt instalments Dr. Holderlin, the father of the and interest, and \$205,000 was in- dead boy. This characterization, vested in Dominion and provincial government bonds, so arranged that \$15,000 of principal would mature each year. These instalments, Tax levy, Gen. & Local Imp. \$314,000 plus the interest received on the 259,000 investments, would yearly meet the ---- annual instalments of the deben-......\$55,000 tures as and when they fell due. So far, this is working out as antici-242,000 city holds \$173,000 invested at \$3,-500 of surplus interest together \$ 76,000 making \$176,500 which is \$1,500

of \$144,000—being the surplus from \$375,000 after deducting \$231,000. The council agreed "that city bonds of approximately \$128,000 be purchased therefrom and that \$17,500 be applied towards 1929 revenue. It was also agreed that in future years \$17,500 be applied from this fund each year up to and including 1935, 1931 and thereafter \$10,000 per annum \$62,000 be used to pay off city bonds." The 12,000 wording is that of the minute, and the intention is not clear, and whether succeeding councils would be bound by it is a matter of opinion. In any event it has not been carhave been purchased with it to the extent of \$50,000 and \$17,500 has been applied to general revenue for three years, while the balance of \$41,000 has been used for general purposes and treated as a loan to general fund repayable when funds admit. There is no doubt but that it has been cheaper for the city to use this fund rather than borrow no accumulation and there will be no "\$10,000 per annum after 1935

Local woman suffered with headaches so badly that she used to have to go to bed, had been fitted with glasses by different specialists but still her headaches came back.

About two years ago this lady was fitted by G. F. Davey, Registered Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler, and just the other day she informed us that she never has headaches now and just feels fine. The glasses which she had been wearing before were causing a mechanical

Glasses being of a mechanical nature the Optometrist has the advantage over others in that important branch of the work.

SPENDING TO SAVE ... THROUGH

Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

Let the Daily News Classified Ads. work for you.
