THE THE PARTY OF T A Veritable Bed Rock of our Economic Life

> TESTED by every major catastrophe-world war, world epidemic and world depression - Life Insurance has demonstrated its strength and stability. It has proved a veritable bed-rock of our economic life. It has met every obligation 100 cents on the dollar and met it promptly. It has relieved financial distress, guarded families and homes, proved a sure protection against poverty and want.

> Life Insurance companies in Canada have greater holdings of government and municipal bonds than the chartered banks. Their real estate loans are double those of the mortgage loan and trust companies combined. The policyholders' funds exceed the total deposits in banks, trust companies and all government depositories combined. These combined assets make Life Insurance pre-eminently safe and sound.

Life Insurance is reliable because-

It is established upon a sound scientific basis. Income from premiums is sufficient to provide a large margin of safety against all contingencies. No policyholder has ever lost a dollar through the failure of any Life Insurance company, licensed in Canada, to ful-

fill its obligations promptly and to pay all claims in full. All Life Insurance companies are subject to continuous government inspection and control.

Hold fast to your Life Insurance and add to your holdings whenever possible. The Lave That Never Dies"
