Had Eczema All Over Her Body

Mrs. Leo Wardler, Springfield, Ont., writes:—"For a long while I was troubled with eczema all over my body. It would burn and itch so at night I could not rest. I tried different remedies but of no avail. I was advised to take Burdock Blood Bitters, and after taking five bottles my blood was completely cleared of the eczema."

NEWS OF THE MINES AROUND PRINCE RUPERT

Development of Whitewater Property In Taku River Country Suspended For Winter—Greater Progress In Interior Expected

According to word received here, development work on the Whitewater property in the Taku River district which has been carried out for Noah Timmins and associates has been closed down owing to freezing of diamond drills. The crew employed on the work has left for the south. It is understood that operations will be resumed on the property in the spring on a rather large scale.

Donald C. Simpson of Smithers, in a lengthy letter in the Interior News, discusses the purchasing power of the Orient in connection with the low price of silver. Mr. Simpson replies to certain statements on the matter which were recently made by Prof. H. F. Angus of the Department of Economics at the University of British Columbia.

L. S. McGill of Smithers thinks it particularly striking that capital has failed to take up many opportunities in gold-bearing deposits in the Omineca Mining Division. Where capital has been supplied points out Mr. McGill, outstanding success has been achieved during the year notably in the silver-lead mines such as Cronin's in the Babine Range and Silver Lake on Hudson Bay Mountain. Much greater progress in these is now assured for 1932.

O. B. Bush, one of the original owners of the Premier mine in the Portland Canal district, is now engaged in developing three groups of gold mining claims on Texada Island on the lower coast. Before undertaking development of these properties, Mr. Bush made an electro-magnetic survey of the ground and this disclosed what is believed to be the true vein system of the area. Mr. Bush believes that a real gold producing area will be established on the island. He recently closed down work for the winter.

J. E. Terry, provincial poultry inspector, who is well known here, declares that one of the benefits of the depression has been that it has impelled poultrymen to sell off their weaker and inferior birds as a result of which they have gone through the present winter in better shape than at any time within the past twenty years.

NORTHERN B. C. NEWS

SMITHERS

Vanderhoof and Smithers hockey teams met in two games here at the first of last week. Smithers won the first 9 to 1 while the second was a five-all draw. Following the game Monday night there was a dance in St. James' Hall in honor of the visitors.

People of the interior are beginning to agitate for the completion of the road from Smithers into the Babine district via Cronin mine. Building of such a road would bring a great deal of new business into Smithers.

The funeral took place from St. James Anglican Church and under the auspices of the Elks last Monday afternoon of Robert Heddle, well known district blacksmith who died suddenly in the Smithers Hospital on Christmas Eve. The late Mr. Heddle was 55 years of age and first came to this district in 1911 when he located at Hazelton.

Aided by several falls of snow, ski jumps in this district are rapidly getting into good, safe shape and this popular winter sport will soon be under way here as well as elsewhere in the district.

Sons of Canada are now leading the local hockey league with seven points. The Elks have five points and the Canadian Legion two.

Canadian Legion and Canadian National Recreation Association teams are tied for second place in the local cribbage league. Native Sons of Canada are on top and Elks remain in the cellar.

There was a large crowd at the annual New Year's Eve novelty dance which was held on Thursday evening.

A well known resident of the Glenanna district was recently charged in city police court here with trapping without a licence. He was fined \$10 and costs.

A trial of considerable interest to farmers took place in Burns Lake recently when a farmer was fined for slaughtering cattle in the bush. According to the Brand Act, farmers must slaughter stock at or near the principal buildings of their farms.

Ice is now being put up for summer use from Lake Kathlya and Seymour Lake. The ice is of excellent quality and is about eighteen inches thick.

A preliminary financial statement issued by the Bulkley Valley Fair Association indicates that there will be a considerable deficit on the operations of the last year.

BURNS LAKE

Miss L. H. Adair is visiting at the home of friends at Vanderhoof for holiday season.

District visitors in town during the past week have included Mrs. William Patterson of Tintagel, Neil Van de Veen of Tintagel.

Miss I. M. Marshall, Miss Olive Nourse, Miss May Smith, Mr. and Mrs. R. C. O'Hara, K. Engstad and D. R. Smith made a trip to the Omineca Ski Club club house at Boer Mountain on Tuesday and enjoyed skiing on the mountainside.

Jack Mowat of Tintagel is now attending to the Canadian National Railways pumphouse at Kidd.

Sam Cocker, Conservative candidate for Omineca, has been a visitor to the Lakes District during the past week.

B. A. Smith is reported to have received a contract for 15,000 ties to be sublet out among the settlers of the district.

Miss Josephine Metcalfe of Colleymount was the guest during the holiday season of Mr. and Mrs. Sidney Godwin of Burns Lake.

Norman Radley of Prince George spent the Christmas and New Year holiday season here visiting with his parents, Mr. and Mrs. Thomas Radley.

Miss May Goodell of Tintagel spent the Christmas and New Year

holiday season visiting at Francois Lake with her uncle and aunt, Mr. and Mrs. J. R. Walker.

A petition is being circulated by the settlers of Francois Lake asking that the Omineca Timber Products be given a special contract for ties to be taken out in the Francois Lake district. This company has received a contract for 10,000 ties to be sublet out in the Palling and Decker Lake districts.

D. Watson declares that the government should be made responsible for the marketing of farmers' crops. If a government failed to do this, it should be relegated to the scrap-heap.

Hobart Parrott is of the opinion that the recall should be applied to members of Canadian parliamentary bodies.

NEW HAZELTON

Gus Christianson of the New Hazelton Hotel has put up a stock of 18-inch ice from the pond in town for his requirements next summer. Never before has ice been harvested so early here.

Mr. and Mrs. George Beirnes and Mrs. Brown of Kispiox spent the New Year holiday in Hazelton as the guests of Mr. and Mrs. C. W. Dawson.

The Hazelton Social Club held a dance on New Year's Eve in Kilanmax Hall. There was a large crowd in attendance and a fine time was enjoyed by all, splendid music being provided.

Mrs. David Dennis, a young Indian woman, who was found dead on her bed at Moricetown from gunshot wounds, had evidently taken her own life. She was 28 years of age and leaves a husband and two small children.

The RECORD SPEAKS for ITSELF

In opening the Canadian National Exhibition at Toronto on Friday, August 28, Earl Jellicoe said: "Over a period of 52 years, the population of Canada has increased by 6,900,000; the revenue of the Government from \$22,000,000 to \$160,000,000 and the value of her trade from \$169,000,000 to \$2,400,000,000. In the same time, her manufactures have increased ten-fold and her crop acreage three-fold. This remarkable record encourages a feeling of optimism for the future."

Earl Jellicoe also made the following reference: "Canada's record growth constitutes an achievement of world importance and stands as a challenge to future progress. This phenomenal growth is the direct result of that splendid courage and determination which the people of Canada showed so strikingly from 1914-1918".

The record for public favour which is held by Turret Cigarettes is the natural outcome of quality consistently maintained throughout the years. After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred".
