

INSTITUTE IS URGED

Native Industrial School in Prince Rupert Being Petitioned For By Indians

A communication from the natives of Mill Bay cannery on the Nass River requesting support in a move that is being made to have a residential native industrial school established in Prince Rupert was referred last night by the Prince Rupert Chamber of Commerce to its legislative committee which will report to the council of the board on the matter. The letter from Mill Bay signed by Johnson Russ, Peter Calder and A. L. Skadeen, accompanied a copy of a petition which is being sent by the Indians of the Shuswap nation to the Department of Indian Affairs requesting the establishment of such a school here.

Such a school is a great necessity, the petition points out. Prince Rupert is urged as the logical point for the establishment of the school, the city being most centrally located and being in possession of an up-to-date hospital. The location of a school here would also make it possible for parents to visit their children in case of illness or for other reasons. High School facilities and apprenticeship opportunities are also offered here. Travelling expenses would be reduced and such a school could be used by Tsimshian as well as Nishga children.

John Dybhavn told the Chamber that a move had also been under way for some time at Massett with a view to asking the establishment of such a school at Prince Rupert. He thought the Chamber would be justified in endorsing the petition. It was decided, however, to refer the matter to the legislative committee for report to the council.

Constable and Mrs. G. C. Sharpe and child of Queen Charlotte City, who have been on a holiday trip to Vancouver, arrived in the city on the Princess Adelaide yesterday afternoon from the south and sailed straight on the Prince John for Islands.

LOCAL WOMAN WORE OLD GLASSES NEARLY TOO LONG

Local woman with very bad eyes, thought she would have to go out of town for attention, as she had always done, kept wearing the old glasses until her sight got so bad she simply had to do something and under the present conditions could hardly afford the trip away.

She decided to consult G. F. Davy, Registered Optometrist, in charge of the Optical Dept. of Max Hellbronner, Jeweler, the proper glasses were fitted, soon brought back normal vision and now the lady is convinced that it is not necessary to go out of town for glasses.

PICTURE IS THRILLING

"Lost Squadron" is New Kind of Film—Depicts Movies in Making—Dix Stars

A movie within a movie depicting the neck-breaking stunts of film dare-devils in a thrilling modern day romance of the air and Hollywood is "Lost Squadron," which is the thrilling feature picture on the screen of the Capitol Theatre this week-end. The star is Richard Dix and the role is one of the most romantic and dangerous in which he has appeared.

Geared to the tempo and unselfish camaraderie of men in peril, the film nevertheless supports a beautiful romance which blooms into full flower out of a chaos of wrecked planes and breathless tail-spins.

"Lost Squadron" is the story of an air picture in the making. The gay panoply of Hollywood's film industry is revealed intimately. Great batteries of cameras fill the screen on occasion, a gala Hollywood premiere is shown and mysterious sound stages are opened to public inspection.

The cast is in every respect equal to the subject matter. Supporting Dix are Mary Astor, Erich von Stroheim, Joe McCrea, Dorothy Jordan, Robert Armstrong and others.

ROAD WORK REQUESTED

Chamber of Commerce Backs Up Resolution of City Council to Government

At the suggestion of S. E. Parker and on motion of Olier Besner, the Prince Rupert Chamber of Commerce decided at its meeting last night to make representations to the provincial government with a view to having some work done by unemployed men now being maintained in the relief camp at Cloyah Bay. Mr. Parker thought the Chamber should back up representations which had been made along this line by the city council. The present situation was demoralizing to the many of whom were willing to work for their board and lodgings as well as clothes. Meantime, nothing had been done on the highway since last year when six weeks' work would open up half a mile of road which was all that remained before it would be possible to reach Cloyah Bay.

If Warke Canal could be reached, it would open up a great scenic country which might even have tourist possibilities. President Pillsbury declared. He felt that the government should get something in return for the money it was spending in maintaining the men in camp.

Even some of the Skeena River fishermen were holding back from preparing to start fishing this season, apparently, preferring to live on the 40c per day allowance, W. P. Armour said.

Mr. Parker's suggestion was implemented by a motion offered by Olier Besner.

Reception Plans For British Folk

Chamber of Commerce to Do Best to Make Visit of Old Country People a Pleasant One

On behalf of the entertainment committee, a report was presented at the Chamber of Commerce meeting last night on the proposed reception program in connection with the visit here on July 1 and 2 of a party of British business and professional people under the auspices of British Columbia House in London. On the first day there will be a boat trip to Inverness cannery and a fish dinner in the evening, a drive out the Skeena River Highway and visit to the plant of the Canadian Fish & Cold Storage Co. to be made on the second day.

Ald. J. H. Pillsbury, president of the Chamber, remarked that the people who were coming were of considerable prominence and it would be worth while to make their stay here a pleasant one. He hoped that members of the Chamber would have ample cars on hand to be used on the drive. There were 30 people coming and about ten cars would be needed. It was hoped to make the entertainment self-sustaining insofar as possible.

The cheapest fuel in town, big load slab wood \$3.25. Albert & McCaffery Ltd., Phones 116 and 117.

E. D. Hogan of Porcher Island cannery is paying a brief visit to the city, having arrived in town yesterday afternoon by gasboat.

\$1.00 for your old Electrical Appliance when traded in on a new Hotpoint Iron, Toaster, Perculator at Gordon's Hardware, McBride St.

A letter from the Liverpool Chamber of Commerce, read at last night's meeting of the Prince Rupert Chamber of Commerce, acknowledged information sent by the local Chamber in regard to the local elevator and grain shipping facilities here and stated that same had been turned over to the Liverpool Foreign Trade Bureau.

Secretary Arthur Brooksbank informed the Chamber of Commerce, at its meeting last night, that he had written to Major J. A. Motherwell, chief supervisor of fisheries, in regard to the new salmon inspection regulations but no reply had yet been received from Major Motherwell who had recently been away from his office for a considerable period.

For Baby's Bath

More than that of any other member of the family, baby's tender, delicate skin needs the greatest care and attention. The soft soothing oils in Baby's Own Soap make it specially suitable for babies, and its clinging fragrance reminds one of the roses of France which help to inspire it. "It's best for you and Baby too!"

27-25

R. Boyd Young, well known Port Simpson merchant, is paying a brief business visit to town, having arrived yesterday afternoon by gasboat from the neighboring village. He is accompanied by his daughter, Miss H. Young.

Mr. and Mrs. T. H. Johnson sailed last night on the ss. Princess Adelaide for the south. Mr. Johnson will visit Vancouver on business while Mrs. Johnson goes to Victoria. Both with later attend the forthcoming Rotary International convention in Seattle.

Mrs. G. H. Munro and son, Allan, sailed last night on the Princess Adelaide for Victoria. Mr. Munro will go south next week and, with Mrs. Munro, will attend the Rotary International convention in Seattle, also attending Masonic and Shrine gatherings in Vancouver while away.

A letter from the secretary of Sir Alexander Gibb, who investigated Canadian ports last year and whose report was recently presented, was read at last night's meeting of the Prince Rupert Chamber of Commerce. It acknowledged receipt of a letter from the local Chamber in regard to the Pacific Coast outlet of the Peace River district and stated that same would be placed before Sir Alexander on his return to London. The local Chamber has taken exception to Sir Alexander's report on the Peace River outlet in relation to Vancouver and north coast ports from which the investigator reported Vancouver would have to be protected.

Young People's Picnic Enjoyed

Seventy Members and Friends of First Presbyterian Y. P. Have Outing on Digby Island

Members of the Young People's Society of First Presbyterian Church and their friends to a number totalling about seventy enjoyed a happy picnic last night on Digby Island. Charlie Currie's power boat C. R. C. was used in transporting the picnickers across the harbor and several hours were enjoyed spent in beach sports, singing, music, etc. Delicious refreshments were provided.

The outing was in charge of the executive headed by E. J. Smith, president.

Capt. A. H. Williamson, compass adjuster, who has been for the past two or three days on official duties, sailed by the Cardena this afternoon on his return to Vancouver. He adjusted the compasses of the steamer Prince Rupert which is about to be recommissioned in service.

Labor Defence League Dance

Another pleasant dance was held by the Canadian Labor Defence League last night in the National Unemployed Workers' Hall on Second Avenue. Music was furnished by members of the League and a large crowd was in attendance. A Seppahaminer was again the moving spirit of the affair.
