LOOKING FOR LENT

No, it's not because we wish to do penance, to abstain be possible for the city to embark from fleshy foods or to bring the body into subjection upon any new work either local imthat we look forward to Lent this year. It is because the provement or general. Of course, season brings with it a demand for fish and Prince Rupert lives on fish, directly or indirectly.

Ash Wednesday, which is the first day of Lent, comes this year on February 10, much earlier than usual. As or, that revenue and tax collections halibut fishing cannot commence until February 15, the would be down some 15% this year. Lenten season will be well advanced by the time the first it was essential this year that there shipments reach the market.

Easter this year comes on March 27 and Good Friday, thing possible in the way of expen-March 25.

ARE WE DAMP

People in the south sometimes jibe at Prince Rupert on ation and assistance of the assoaccount of the alleged damp atmosphere. And yet if we ciation. The city council would at are damp, other places on the coast may be said to be wet. Ketchikan, for instance, had a rainfall in 1931 of approxi- sociation in the spirit in which it, mately 142 inches and the previous year, 159 inches. This makes us feel quite dry. Usually at Prince Rupert the pre- Orme, it would be necessary for the cipitation amounts to something between eighty and one city council to have the co-operahundred inches, but last year it went just over the hund-

BRITAIN AND TARIFF

Usually the executive committee, better known as the will come through safely." cabinet, of any self-governing country acts as a unit and those not in accord must get out. While there may be dif- the same position as all individuals ferences, these differences are settled in secret sessions and businesses today. All must exand the world sees united action.

In Britain today they have made a change. There is an and weather the storm. If all pulexecutive made up of people of many views, united in the led together and co-operated, there one desire of rehabilitating the country. Some are profes- was no question but that the munised free-traders and others are avowed protectionists. They have decided upon what really amounts to a constitutional change. When a tariff measure is introduced, as His Worship that the association it will be undoubtedly, some of the members of the cabinet will oppose it. Possibly they will campaign against it. Yet the city council. they will remain members of the administration and will attend all meetings of the cabinet.

The British constitution has evolved and here is a new step in that evolutionary process. Where it will lead or Mr. Orme replied that this had been what will be its effect, no one at present can say. It is an- paid some time ago. other indication of the elasticity of the constitution and of its adaptability to new conditions as they arise.

THIS IS LEAP YEAR

This is leap year, one of the years in which February has 29 days instead of 28.

During leap year the ladies are supposed to have the right to propose marriage to any bachelor or widower of this co-operation were earried their acquaintance. They do not have to wait for the man to make the advances.

Of course a woman always has that right, if she so wishes, but this year is especially set apart for such pro- ing but the strictest economy would ing, the council would have more cedure and she can act without feeling she has been in- carry the city through. The situa- incentive to do its very best. He, for vading the rights of the man.

Sorry To See Night Coming She Could Not Sleep

Mrs. K. McElroy, Kirkfield, Ont., writes:-"I was very nervous and run down, was short of breath, and had smothering feelings, and was sorry to see night coming as I could not lie down or go to sleep.

I was advised to use Milburn's Heart and Nerve Pills. I took seven boxes and am now completely relieved; can sleep fine all night, and have gained

______ interest and redemption the sum of \$163,200 would come due this year. Expenditures on exchange and relief could only be estimated. On the basis of existing conditions, ex-\$5.00 change this year might be estima-10c ted at \$20,000. It was very hard indeed to predict what the cost of re-

Sizing up the situation himself, better in the affairs of Canada and Prince Rupert would undoubtedly, participate in the improvement. Much would depend upon the extent of the development and use of natural resources.

During 1931 expenditure of the city's health, public works and engineering department had been but 55% of the average for the three years immediately previous, the mayor disclosed. For the year 1932 Saturday, Jan. 23 1932 extraordinary expenditure including relief, exchange, etc. would be at least \$35,000 over and above administration maintenance, and the mayor did not see where it would something might be done under relief work with government assis-

It was estimated, stated the maybe the strictest of economy. Everyditure would necessarily have to be cut out. No matter what personal feelings might be there was little option in the matter.

The mayor invited the co-operall times be prepared to accept any advice or assistance from the aswas given. In fact, declared Mayor! tion of every citizen.

"The case however, is by no means hopeless," stated the mayor. "If we accept the situation as it exists and govern ourselves on a basis of strict business and economy, there is no doubt but that the municipality

Meantime, the city was in much pect cuts and would undoubtedly be satisfied if they could carry on cipality would come through safely.

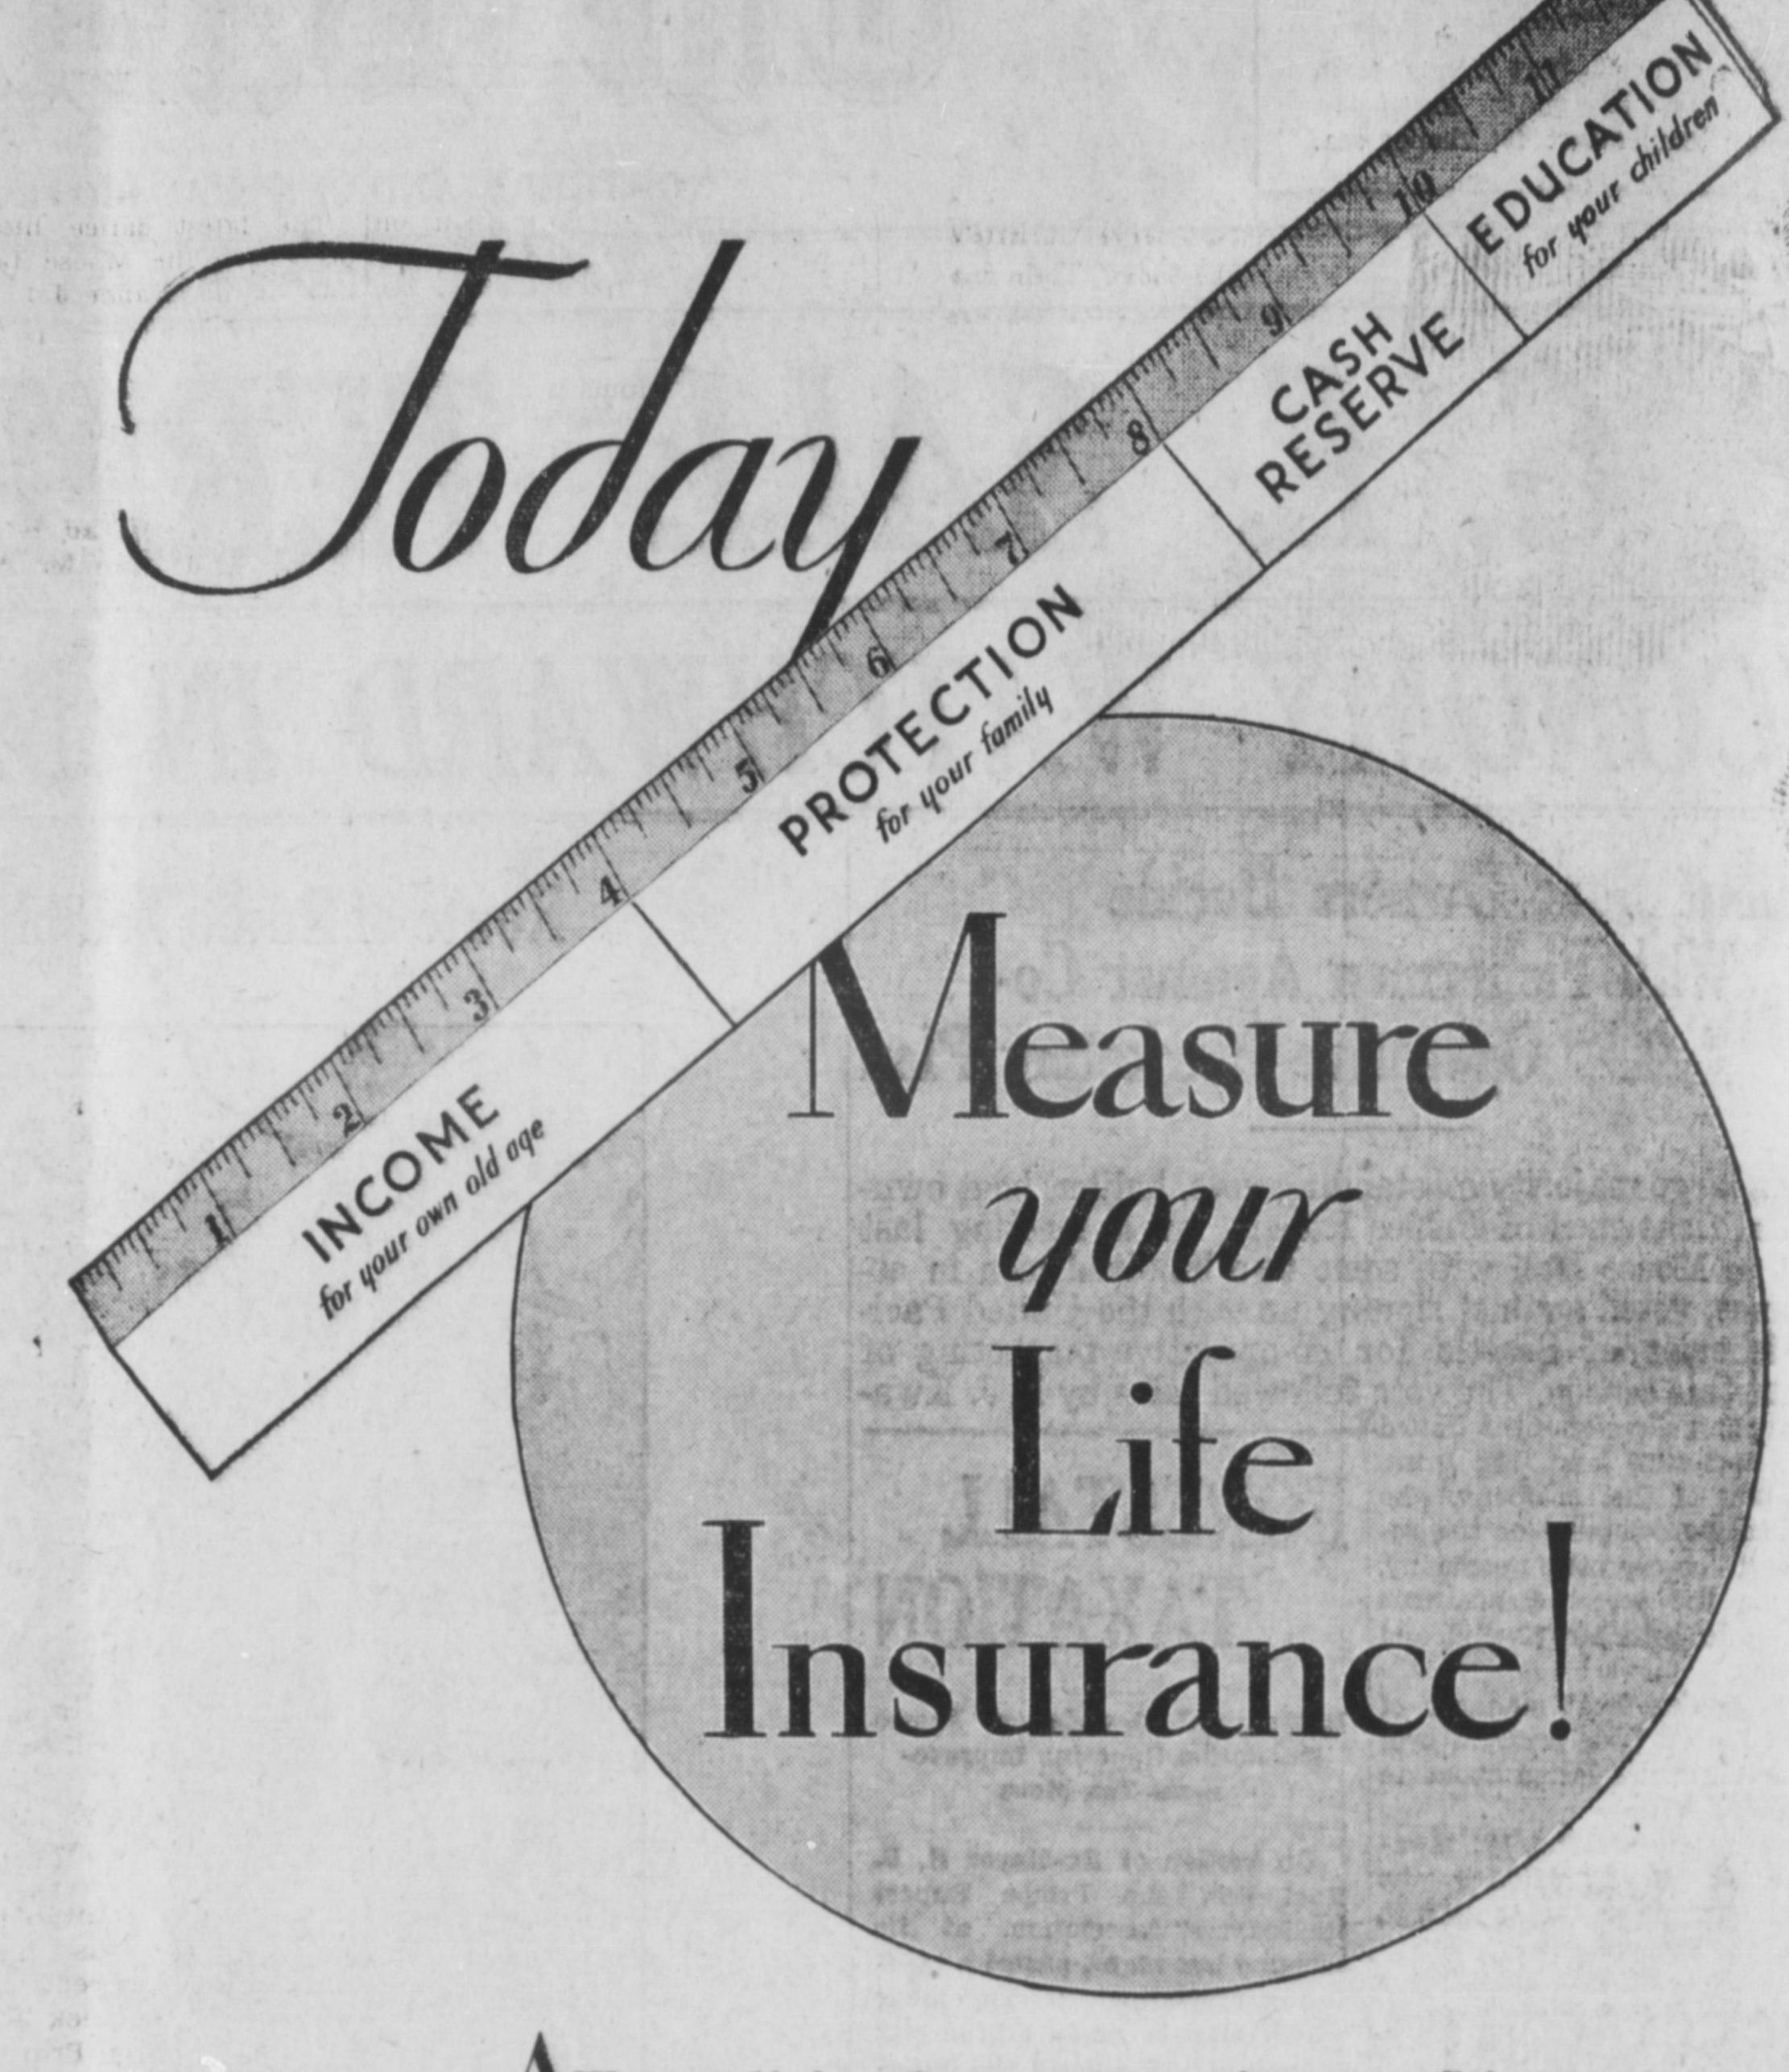

President Wesch thanked Mayor Orme for his address and assured was at all times desirous of assisting

J. A. Curtis asked the mayor if the provincial government had ever paid for the cement sidewalk around the old court house square.

Stephens Appreciative

M. M. Stephens expressed appreciation for the talk of the mayor. He was pleased to hear of the spirit of co-operation between the school board and city council in the interests of economy. This was to be commended and was appreciated by the members of the association. If difficulty was that streets, side- gether. walks and utilities had been provided over an area which was capable of housing ten times the present population. This was conducive of reversion of lots to the city. The city had perforce to pay local improvements on reverted propertry out of general fund which was greatly diminished. He cautioned the city council, school board and other public and semi-public bolies that there must be the utmost

H. B. Rochester expressed gratification at seeing a meeting of such large size interest itself in civic affairs. It was an object lesson to all citizens. He had appreciated the mayor's talk and was glad to hear that economy plans were proposed. It was essential that precautions be taken against the situation becoming any worse. Mr. Rochester

ASK yourself these four questions — then you will know whether the Life Insurance you now own gives adequate security and protection:

1.—Does your Life Insurance provide that, when you reach old age, you will have a definite monthly income sufficient to make you independent?

2. Does your Life Insurance safeguard your wife and childrenguaranteeing them a livelihood if death robs them of your support?

3.—Is your Life Insurance building up a cash reserve for future emergencies?

4.—Does your Life Insurance also include an education fund to equip your children for the battle of life-whether or not you live to see them start out?

By giving serious thought to your Life Insurance now you will probably save endless regret and worry in the future. By all means talk it over with a Life Insurance representative today.
