"For Light, Flaky Biscuits

use Magic Baking Powder," says Miss M. McFarlane,

dietitian of St. Michael's Hospital,

RECOMMEND Magic because I know it is pure, and free from harmful ingredients."

Toronto

Miss McFarlane's opinion is based on a thorough knowledge of food chemistry, and on close study of food effects upon the body. On practical cooking experience, too.

Most dietitians in public institutions, like Miss McFarlane, use Magic exclusively. Because it is always uniform, dependable, and gives consistently better baking results.

And Magic is the favorite of Canadian housewives. It outsells all other baking powders combined.

You'll find Magic makes all your baked foods unusually light and tender . . . and gives you the same perfect results every time.

Free Cook Book-When you bake at home, the new Magic Cook Book will give you dozens of recipes for delicious baked foods. Write to Standard Brands Ltd., Fraser Avenue and Liberty Street, Toronto, Ont.

NEIGHBORS TALK

"I am employed in a theatre and it is a problem to make ends meet, as I help support my mother and sisters. I like to dress well but haven't very much to spend on clothes. To give the appearance of variety to my slender wardrobe I change the color of a dress or stockings as soon as the things become faded. I always use Diamond Dyes for the work-using them as dyes for dresses and as tints for stockings. I have always gotten such perfect results that our neighbors talk about the great number of

new things I have. "I learned about Diamond Dyes from our wardrobe mistress. She says she has tried all the dyes on the market but none do such splended work and are so easy to use as Diamond Dyes. I understand they are the world's most popular dyes-and

they deserve to be.'
