SWEDEN STRONG ON ATHLETICS

Great Gymnastic Convention in Stockholm This Fall

In the early fall of the present year will be held in Stockholm, Sweden, a convention of great import and interest to all who participate in athletic or gymnastic competition.

At the twentieth annual convention of the medical students of Sweden, Norway, Denmark and Finland will be presented the question of placing all gymnastic and athletic competition under medical supervision.

Frostal is a man who stands high in all things that relate to sport in northern countries. He is also a writer of considerable repute.

Some conception of the importance of this convention and matters discussed may be gained from the fact that one of the leading scientists, Professor Johannes is the honorary president, and the Crown Prince is the patron and the state is the sponsor.

We are not advertising to do and press suits for \$1 just because the G. T. P. is a little slow getting into Prince Rupert, but we clean your clothes before presenting them.—Pantorium Pioneer Cleaners, 'phone 4.

Rather Serious

No! girl, that telephone suit of yours will not do. You may return that stolen idea in person tonight, to Reilly's Bakery, if you do not want a warrant for your arrest.

Want a Job?

If you are working at a "makeshift" job, simply because the suitable position is not to be had, begin a classified advertising campaign for self-betterment. There is a good job for you—and you CAN find it through advertising. Very likely there is no other way to find it.
