Financial Independence for Women

CHEQUES were mailed to many women in 1931 by this Company. These cheques were the proceeds of matured endowment policies -money saved through the yearly premiums, increased very considerably by dividends.

If they had died at any time while the policies were in force the principal sum, plus dividends payable, would have been paid immediately to their beneficiaries.

If you wish to know the annual deposit required for a Pension or Endowment Bond for yourself to start you on the road to . independence, send the coupon below to our Head Office.

A few interesting examples:

A Furrier paid the first premium on policy No. 193,735, principal \$2,000, at age 43. At age 53 a cheque for \$2,000 plus dividends \$457.24, was mailed to her.

A Housewife age 27 paid the first annual premium on policy No. 119,293, principal \$2,000. At age 42 she received a Mutual Life cheque for \$2,000 plus \$592.23 dividends.

A Teacher at age 25 took out policy No. 84,447 for \$1,000. At age 45 she received a Mutual Life cheque for \$1,395.32-a substantial amount saved, plus the protection of her dependents for twenty years.

It's got to be good to be ADVERTISED

READ THE GROCERY ADS TODAY

All the king's horses . . . and all the king's men can't make a success out of a bad product. No amount of advertising will create a market for it. The more it's advertised, the more its defects become known.

A Good Product Well Advertised

grows as swiftly and naturally as a healthy plant. People try it and like it. They tell others. They like it. Soon that product is found everywhere . . . and its name, spread abroad by advertising, is on every tongue.

When you see something widely and consistently advertised, you can be pretty sure it's well worth having. If it weren't . . . if it didn't represent an honest and worthy value . . . the maker couldn't afford to advertise it.

Look Over the Advertisements in this Paper

Some of these names you know. Others, perhaps, are newcomers, all are entitled to your trust . . . all are here because they have potential friends bringing some new comfort or convenience. But something real to contribute to your advantage . . . your service . . . your happiness.
