KETCHIKAN MAY COME

Negotiations Have Been Opened For Series of Baseball Games This Season

The executive of the Prince Rupert Baseball Association, at a meeting last night, decided that it was impossible to accept a proposal from Ketchikan that a ball team from the Alaska city come here for a series of games during the week between May 21 and 28. An alternative proposal, however, is being made to Ketchikan that a series take place here in connection with the Dominion Day celebration on July 1, the locals to go to Ketchikan i for a series in connection with the Independence Day celebration there on July 4. Ketchikan requires a guarantee of \$300 to come here and is offering a similar guarantee for a return series by Prince Rupert there.

tion was considered and it was decided that games in this league should be played on Sunday afternoons until the close of the school term after which there will be games on Wednesdays and Sundays.

Ald. G. W. Rudderham, president of the association, presided over the meeting.

The Road To Progress

Prince Rupert will make progress if the people build up the hinterland. This week they have the opportunity to help themselves by helping the Bulkley Valley farmers. Bulkley Valley Baby Beef is going on the market tonight or tomorrow. It is the choicest shipment ever made to the city and no one can make a mistake in purchasing it.

The carload arrived at the week-end and is now ready for distribution. All the butchers in the city are carrying some of it.

Progress comes through co-operation. Today we have an opportunity to show that we are ready to co-operate with the farmers of the interior by specifying their beef when telephoning our orders. It is a simple matter but it means a great deal to the farmers.

There is no reason why British Columbia people should be fed on Alberta products when they have good things of their own produced right within their own boundaries. We have the friendliest feelings toward our sister province, but if we cannot use our own product we cannot expect others to use it. If it is good enough for export it should be good enough to use at home. By buying at home we encourage our own people, making them so prosperous that they are able to buy from us. The dollar spent on Bulkley Beef is likely to return but the dollar expended on Alberta beef is likely to remain on the other side of the Rocky Mountains. The motto then should be:
