makes bread featherweight

makes beans marvellously

Baking makes many foods taste better-but beans, above all, need to be baked to bring out their flavour. Heinz Beans taste better because they are really baked in dry-heat ovens just like your own. Most beans are simply steamed in a sealed can. But oven-baking makes Heinz beans marvellously light, tender and digestible. The sauces, that only Heinz can make, permeate every bean.

Four kinds of Heinz Beans -all baked!

One taste will tell you the difference oven-baking makes.

DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleepthe remedy is simple.

LAN A PIET I TOF

"Ah!" you say, "But that's all very well. I'm only a small man and can't afford it." That's the reason the small man remains a small man. The big men in business today did not become big by hiding their light under a bushel, they advertised, and Advertised, and ADVERTISED. Advertising is as necessary to a "sick" business as the doctor's services are to a sick person. And it will find the money to pay its own bills, if done judiciously, from the increased volume of increased profits. Start with a small appropriation

Atomic Force Science Church Subject Sunday

The subject of the lesson-sermon in Prince Rupert Christian Science Society on Sunday was "Is the Universe, Including Man, Evolved by Atomic Force?"

One of the Bible texts was, "And they came to him, and woke him, saying, Master, master, we perish. Then he arose, and rebuked the wind and the raging of the water: and they ceased, and there was a calm" (Luke 8: 24).

The lesson-sermon also included the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The world would collapse without Mind, without the intelligence which holds the winds in its grasp."
