It is the paper that is read by the fishermen, miners, workers and operators throughout a district twice as large as the three Maritime Provinces of the east.

When a person wishes a message to go to the people of Northern and Central British Columbia there is only one way of sending it, and that is through the columns of the Daily News.

The future is full of hope. The Daily News is making plans to keep pace with the progress of the country. No one can afford to be without it.

The cost is small.

Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on

one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.
