OPERATOR IS BADLY DAMAGED

Tall Tree Crashes Down on Her Stern from High Bank

Saturday night a sensation in the city was the arrival from up river of the steamer Operator of Messrs. Foley, Welch & Stewart's fleet with her stern-wheel and deck aft considerably smashed by the fall of a tall tree which crashed down from the bank of the river above her at Mile 71. No one was hurt by the falling timber or the splinters below deck, but the boat was partially disabled, and had to return to Prince Rupert for repairs.

It was impossible to continue the journey up stream owing to the state of the engine-room, but the Operator after temporary repairs managed the down stream trip safely and limped into Rupert. She was taken over to the ways at Digby Island this morning, where she will be repaired. The job will take several days. Besides the smashing of timbers on deck, considerable damage was done to steam pipes and connections in the engine room, and the services of A. T. Parkin of the Parkin Ward Co., were requisitioned this morning to assist the engineers.

The tree which struck the steamer was loosened by a slide, and it was fortunate that it did not fall a moment or two sooner otherwise most likely several persons might have been injured, and lives might have been lost.

Will be Rush of Prosperity for Rupert

BY BULKLEY RAILWAY

Fresh Impression of Prince Rupert's Prospects Expressed by T. D. Pattullo this Morning after Business Visit from Victoria.

After a short business visit to Prince Rupert in the interests of clients in Victoria and the south, T. D. Pattullo returned to Victoria by the Prince George this morning. Mr. Pattullo has always been a believer in the axiom that Prince Rupert's prospects can be appreciated even more after a spell away from the city; and fresh from the older cities down below, he is more than ever convinced of the coming prosperity of Prince Rupert. In parting chat this morning he remarked: "I am well pleased with the outlook in Prince Rupert."

"While development will move more slowly until the railroad is completed than had we a road already, yet I think that as soon as the road runs a regular service tapping the Bulkley valley district, local trade conditions will be greatly stimulated and population will increase."

"Prince Rupert will in a few

years hold a record as a rapid money-maker.

"A number of western places have already gone forward so quickly that it is not to be expected that this same furious speed can be continued indefinitely. Prince Rupert is at the beginning of her career and will by reason of more felicitous conditions move forward much more quickly than other cities have experienced in the same time."

"Coincident with the completion of the railroad will undoubtedly be a great rush of people to Northern B. C. Meantime this city should enjoy a well seasoned measure of prosperity."

"ASK UNCLE JERRY"
We have also a hotel proposition worthy of consideration, several business opportunities, stores to rent, boats for sale and so forth.
There has been a surprising demand recently for farm lands up the Skeena and in the Bulkley valley. We have a large amount of acreage, carefully selected, all the way from Kitlas to Francis Lake, with full descriptions of the character of the soil and so forth. The price at present is low, running from \$10 an acre up. Some of the land is partly cleared and has farm buildings on it. You should certainly look into this.
