VITAMIN B IN BRAN, RESEARCH REVEALS

Also Has "Bulk" to Further Assist Elimination, and Iron for Blood

One of the functions of Vitamin B is to help tone the intestinal tract, and promote elimination. Now, laboratory experiments show Kellogg's ALL-BRAN contains this valuable vitamin.

In addition, ALL-BRAN brings a plentiful supply of "bulk"—which provides the "ballast" needed to exercise the intestines.

This "bulk" in ALL-BRAN is similar to that of lettuce. Inside the body, it is different from the way you see it in the package. It absorbs moisture, and forms a soft mass which gently clears the intestines of wastes. Special cooking processes make ALL-BRAN finer, milder, more palatable.

Another healthful element brought by ALL-BRAN is iron. Tests show this cereal has twice as much usable iron as the same weight of beef liver.

Check common constipation—with its frequent headaches, loss of appetite and energy—by eating this delicious cereal. How much pleasanter than taking pills and drugs—so often habit-forming.

Just eat two tablespoonfuls daily—sufficient to overcome most types of constipation. If your intestinal trouble is not relieved this way, see your doctor.

Appetizing recipes on the red-and-green package. Made by Kellogg in London, Ontario.
