RELIEF MATTERS AFFECTING THIS PROVINCE EXPLAINED

Export of Sockeyes To Be Allowed Each Year After Mid-September

Ogden Channel is Made Seining Area—Provision Made to Prevent Molestation of Fish by Stoning, Shooting, Clubbing and Such Practices

OTTAWA, Feb. 11:-Under amendments to the British Columbia coast fisheries regulations approved by orderin-council this week, the export of fresh sockeye salmon from the province will be permissible after September 15 of each year. The amendment is designed to benefit the salmon fishermen of the Fraser River area.

15 of each year.

A further amendment extends northward to Seymour Narrows and Yucalta Rapids the area on the east coast of Vancouver Island where there is an annual closed season for blueback trolling.

New amendments also prohibit the molestation of fish in streams by stoning, shooting, clubbing or other means.
