CONFERENCE AT OTTAWA

For the first time in history a British Imperial Conference is being held outside of London. Ottawa has been chosen for the honor and Canadians will all take a very keen interest in the proceedings.

The British government has appointed its delegates to the conference, Ex-Premier Baldwin being leader of the group. Doubtless Premier Bennett will lead the Canadian delegates and the other British nations will have equally prominent men to represent them.

The importance of the occasion is accentuated by the fact that since the last meeting the Canadian proposals made through Premier Bennett have been accepted by the British government and now the various parts of the Empire are ready for reciprocal action. Britain has not been slow to move since the recent change in government there and when the coming conference is over it is likely that Canada will be in a position to benefit largely by the improved financial condition of Britain and by the fact that she is a member of the commonwealth of nations.

Premier Bennett can rest assured that in any steps he may take for the benefit of Canada, the whole country will back him irrespective of party allegiance. The people of Canada are not in a position today to allow their political feeling to interfere with their support of any beneficial measures. What we need today is more business and less politics. Measures which will make for genuine progress are being demanded by all the people. We must not live too much in the past. Conditions are changing every day and a forward policy will meet with general approval.

SENATOR ROBERTSON'S WORD

It seems that we have the word of Senator Robertson, until recently minister of labor in the Bennett cabinet, that it was on the advice of the government of the province of British Columbia, the amount of relief money had been cut from five millions to slightly over three millions. Yet all this time the members of the provincial government were blaming the federal government for being respon- torial in today's paper concerning sible for the shut-down of work.

We have carefully avoided anything that might be con- seeing to it this month that their sidered partisan criticism of the government in connection with the relief work this winter. It is too serious a matter to be made a political football. Now everyone must be satisfied that the Tolmie government was responsible and not the Bennett government.

RESULTS ALMOST NIL

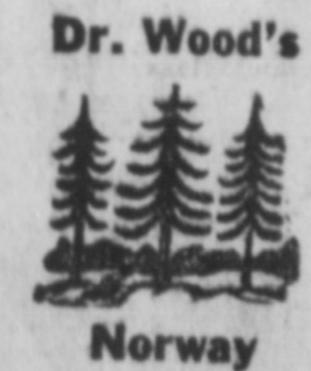

A good deal of money was expended in and near Prince month. Rupert in relief but very little results have been obtained. The city went to work in good faith expecting to get the support of the government in completing the works that they started. When the improvements were getting pretty well advanced there was a sudden shut-down owing to the terest beforehand to see that his riscal year, whether appearing in + cut-off in the supply of money and the result is that in name was on. various parts of the city may be seen streets partly graded and left in such a condition that in some cases residents are seriously inconvenienced.

On the highway, camps have been erected and men kept that is impossible it will be attenthere in idleness and practically no work done. In a season ded to gratis by any law office in year, and may be applied by the 4 ing. the fire goes out."—Wm. 4 when the highway work could have been advanced considerably at low cost, no advancement has been made.

This is not a party criticism. It is a serious wrong that has been done the city and district, one that will militate against us in future years.

PUBLICITY TEST

Roger Babson has made a test of the rival advantages of publicity through the newspaper and by means of radio Editor, Daily News:broadcasting, says the Victoria Colonist. He appropriated \$6,000 for the advertising of his agency; half to be spent on newspaper publicity and half on broadcasting. paper on civic and school finances. bringing total receipts for the year The radio publicity brought him 14 replies; that through The collection of inaccuracies to approximately \$102,000. The acthe newspapers resulted in 4,000 requests for informa- which appears in today's paper over tual expenditures of the school tion. The comparison is an illuminating one.

IN THE LETTER BOX

RE VOTERS' LIST

Editor, Daily News:-

Apropos of your very timely edithe necessity of British subjects names are on the voters' list, I find from an examination of the provincial list that there are literally hundreds of people in this riding entitled to be on it, whose names are not now thereon, and if there should be an election this summer they will not be entitled to vote unless they attend to the matter this

It is always a matter of the deepest regret to the person concerned cause he did not take sufficient in-

for an applicant to go into the gov- moneys raised or provided for ex- + to sell. Keep everlastingly com- + ernment agent's office and have his "aordinary expenses, shall be car- + ing at them. Advertising is + or her name put on the list. Or, if the city or at Dybhavn & Hanson's office, or before any election commissioner.

Yours truly. L. W. PATMORE.

SCHOOL FINANCING

Sec. 66, paragraph 1, of the Public mates. Schools Act which states: "The Now, Mr. Editor, the point I wish treasurer of each municipality shall to make is this, that actually no set apart and keep in a separate such surplus exists, and that in diaccount, to be called the 'Board of rect contravention of Sec. 66, the School Trustees' Account'-(a) So city council would seem to be makmuch and such proportion of the ing a practice of utilizing surplus moneys from time to time paid into school monies, to cover deficits in his hands on account of rates and civic finances. If such is not the taxes as will in the aggregate equal case, let us have a statement from the amount ordered to be assessed the city treasurer showing the accu-

and levied for school purposes in commercial courses, just to supply the school district in which the mu- the city council with a larger surnicipality is comprised; (b) noneys received by the municipalty under the grant paid to the municipality by the Minister of Finnunicipal treasurer shall, whenever requested, exhibit to the Board of School Trustees the state of the they really mean all they say about account; and the moneys so set retrenchment. apart, or that should be set apart, Thanking you, Mr. Editor, I am, shall not be applied to any other surpose whatsoever by the municial treasurer."

And also Sec. 67, which says. "Ev- + + + + + + + + + + + + + + when, on election day, he finds that cry surplus, nowever accruing, re- + he cannot exercise his franchise be- maining at the credit of the board & of school trustees at the end of the . he board of school trustees' ac- & often. Explain to folks plainly & It will take only a few moments count or in any separate account of + and sincerely what you have + ried over and appear at the credit & pretty much like shovelling a 4 of the board for the ensuing fiscal & furnace. Once you stop stok- & board for ordinary expenses."

Last year the school board submitted estimates of \$93,930 upon which amount the school mill rate was based. According to Mr. Rorie's letter only 85% of this levy was collected which would amount to approximately \$79,800. The provincial government grants totalled \$20,800, and High School fees collected amounted to \$1135. Then there was I have been interested in reading \$800 donated by the teachers of the from time to time, the various ar- city towards unemployment relief ticles and letters appearing in your to be kept in trust by the city, the name of George Rorie, however, board totalled \$89,000, so that the so disgusts my sense of fair play, last year's operations should show that I feel called upon to draw the a balance with the municipal treaspublic attention to certain facts re- urer of \$13,000. According to Sec. garding the financial situation. 67, already quoted, this amount is Let me draw your attention to to be applied to this year's esti-

mulated surpluses of school board money during recent years.

In view of this state of affairs, why should our children be deprived of the advantages of manual training, domestic science, and All plus of school funds to carry on with their own extravagances. I am a taxpayer and a father of school children and I protest against these unfair proposed economies. Let the ance pursuant to this act; and the city council do their own economizing and if necessary do away with aldermanic and mayoralty remuneration for this year, to show that
