COULD NOT CONCEN-TRATE WITH HIS EYES

An out of town insurance agent,

whose vision was perfectly good, complained that, he could not look a person in the face while talking business, simply had to drop his eyes. While in town called on G. F. Davey, Reg. Optometrist in charge of the Optical Dept. of Max Heilbroner, Jeweler. This common error was corrected almost at once with the proper glasses, which were made in the double vision style. Now he can look at a book and talk to his prospect without the least difficulty. Well pleased with the service he received at a very moderate charge.
