DAMNING INDICTMENT

Much has been written about the problem of unemployment but so far nothing of an effective nature has been done to relieve it. This leads the Peace River Record to urge that immediate action be taken by the federal government. In part the editorial reads:

In the crisis of war the Canadian government could quite readily mobilize and equip an army within a very few weeks, and could spend vast sums in the munitions of war. When we find ourselves in a crisis of peace time panic, how much greater is the need for emergency measures in mobilizing an army in which could be recruited, under respectable living conditions and with respectable employment, the many thousands of men who, through lack or regular employment, have become a charge upon public charity.

The record of the past winter provides a most damning indictment of the policies of our federal, provincial and municipal governments in dealing with this vast problem, and has established unemployment as the major industry of our country. More than one hundred and twenty millions of dollars were squandered by our governments in unemployment relief, which herded thousands of men in concentration camps in idleness, while for every dollar actually spent in feeding and clothing these men, a larger amount was diverted to political patronage and overhead charges.

One has only to look at the record of British Columbia, where the writer has had opportunity to see the work of relief work being carried on during the winter, to note the evils accruing from a lack of a constructive plan of relief work. With thousands of men herded in relief camps in idleness, a fertile field was provided for the incubation of communism; while among others of the unemployed who remained in the cities, radical and communist leaders organized parades which included many thousands of men and women who openly paraded the red flag and showed open disrespect for the Union Jack. And yet, for this condition of affairs, the people of British Columbia have been saddled with a financial burden which has resulted in a burden of taxation that is more than can be borne.

Surely it is time for our governments to cultivate an executive courage sufficient to launch out upon a plan of constructive effort, divorced from political partizanship and patronage, that will enable our country to turn this vast army of idle men to useful work in public development, under a scheme which would in itself give a respectable haven and subsistence to the honest laborer while at the same time providing a means of control which would permit of the elimination of foreign agitators who have hastened to sow their poison propaganda in the fertile ground of a stagnated industrialism.

STOMACH TROUBLES

HOW frequently we hear people complain of "indigestion." And how seldom there is actually anything wrong with the digestive organs!

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali to neutralize the acids. But don't use any crude helps. Use what most doctors would advise; use what your own doctor prescribes in his daily practice for just that condition.

The very best help is Phillips' Milk of Magnesia. You will find nothing else so quick in effect, so harmless, so efficient. One tasteless spoonful in water neutralizes many times its volume in acid. Results are immediate, with no harmful after effects to follow your relief.

This pleasant way to alkalinize your system is so much better—so much quicker—than attempting to accomplish the same thing by a diet! But you cannot do this with any form of magnesia. Phillips' Milk of Magnesia is the formula; it is the one preparation that gives you magnesia *in perfect suspension*. It is alkaline, its action is thorough, and there is nothing more soothing to an ailing stomach or more helpful to sluggish bowels. Druggists throughout the dominion have Phillips' Milk of Magnesia in 50c bottles.

The best way to whiten teeth is with Phillips' Dental Magnesia—the ideal dentifrice. Try it and see for yourself how white your teeth become. At drug stores everywhere.

FOOTBALL THURSDAY

Senior Soccer Season Opens Tomorrow Night With Merchants Playing Regiment

Senior football in Prince Rupert will get under way for the 1932 season Thursday evening when Merchants and Regiment clash at Acropolis Hill grounds in the opening tussle of the Mobley Cup series, emblematic of the city championship. Mayor Orme is slated to perform at the opening ceremonies and will kick the ball off promptly at the appointed hour to start the new season on its way.

The 1932 season has every prospect of being one of the most successful held in recent years in spite of the presence of "Old Man Depression" in the district.

The dressing room accommodation at Acropolis Hill is now in excellent condition and provides the various clubs with a nice clean place to strip. The grounds have been put in pretty fair shape by the public works department of the city and will no doubt be rolled before Thursday night's game.

All referees and clubs this year will be provided with an up-to-date referee's chart issued by the English Football Association. This should greatly assist the game and eliminate so many cases of misinterpretation of the rules as was the case last year.

With a four-team league this year, competition should be keener than ever and some ding-dong battles will, no doubt, ensue before the destiny of the various trophies is determined.

The opening game brings together two teams who provided very keen rivalry last year and, as both teams are composed chiefly of last year's players with the addition of one or two of the younger players of the city, tomorrow night should witness a dour struggle.

Teams for the opener are announced by the managements of the respective clubs as follows:

Regiment—goal, T. Smith; backs B. Hunt and B. Thurber; halfbacks, P. Edgecumbe, M. Watson (captain) and O. Wingham; forwards, A. Walters, J. Redpath, P. DeJong, M. Colussi and T. Kelsey reserves, Vance and Norrington.

Merchants—goal, V. Menzies; backs, Douglas and A. Hardy; halfbacks, G. Hill, A. Dickens (captain) and S. Dickens; forwards, L. Amor, H. Dickens, J. McKay, Gilker and Bacon; reserves, D. Frizzell and P. Vaccher.

The appointed referee is J. A. Johnstone and the kick-off 6:45 p.m. prompt.

SPORT CHAT

Chances of an American victory in the British women's golf championship are considerably increased with announcement by Miss Joyce Wethered that she will be unable to compete. Britain had been relying strongly upon this veteran of international competition to win the title. The tournament is to be held at Saunton, Devonshire, beginning May 13.

Jack Sharkey will go to Pompton Lakes to train for his coming championship battle with Max Schmeling. Jimmy Johnston of Madison Square Garden announces. Johnny Buckley, Sharkey's manager, decided on the New Jersey camp, where Sharkey prepared for his bout with Carnera and where Jimmy McLarnin readied himself for his title fight with Sammy Mandell.

TO VISIT SIMPSON

Spartan Athletic Club Makes Arrangements For Activities

At a meeting held in the City Hall last night with Philip Edgecumbe in the chair, the Spartan Athletic Club made arrangements for and discussed details of the contemplated program for the next few weeks.

The first meet will be held on Thursday, May 12, and will include the following events: 100-yard dash, 220-yard dash, 880 yards, pole vault, high jump, medley relay. The relay will consist of four laps of 110, 220, 440 and 880 yards respectively and will be contested by four teams. Practice nights for relay teams were fixed at Wednesdays at 8 o'clock and Saturdays at 7:30.

The club voted unanimously in favor of going to Port Simpson on May 24 but is waiting to hear from the Y. P. E. A. before making final arrangements. It is with the view in mind of taking the strongest possible relay team to Port Simpson that the club will concentrate on relay practices for the next three weeks.

A working bee will be held next Saturday afternoon to move the start of the 100 yards dash back 20 yards or so and level it off.

SENATORS ENTRENCH

Make It Three Straight Over New York—Athletics and Cardinals Both Win Again

WASHINGTON, May 4:—Fortifying themselves in first place by building up their margin of safe leadership to two full games over the idle Detroit Tigers, the Washington Senators inflicted the third straight defeat upon the New York Yankees by a margin of one run. Philadelphia Athletics continued their upward drive with a decisive victory over the lowly Boston Red Sox.

Boston Braves scored an easy victory over the Phillies and retained exclusive possession of first place in the National League with one-half a game margin over Chicago Cubs who vanquished the Pittsburg Pirates. The world champion St. Louis Cardinals moved into fifth place by ignominously shutting out the Cincinnati Reds, the Pirates falling into sixth place. Brooklyn Dodgers relegated the New York Giants to the cellar by defeating the McGraw men for the second straight victory.
