

COLDS

Some men and women fight colds all winter long. Others enjoy the protection of Aspirin. A tablet in time, and the first symptoms of a cold get no further. If a cold has caught you unaware, keep on with Aspirin until the cold is gone. Aspirin can't harm you. Does not depress the heart. If your throat is sore, dissolve three tablets in a little water and gargle. You will get instant relief. There's danger in a cold that hangs on for days. To say nothing of the pain and discomfort Aspirin tablets might have spared you! In every box of Aspirin are proven directions for colds, headaches, neuralgia, neuritis, rheumatism.

When TEETHING makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

Capt. Andrew Johnstone for years master of the Union steamer Cardena, was paying his last visit to this port last night before assuming his new duties in the pilotage service to which he was recently appointed. It is not learned yet wot his successor in command of the Cardena will be.

EASTER HOLIDAYS GIVE GOOD OPPORTUNITY TO HAVE YOUR CHILD'S EYES EXAMINED.

If you expect your children to pass the exams in June, why not give them a chance by having their eyes examined during the Easter holidays. The final term before the midsummer exams is always the most trying on the nerves of the child, even if the eyes are normal, so the child who really needs glasses is under an extra handicap.

If you suspect that your child has eye trouble, an examination by Geo. F. Davey, Registered Optometrist in charge of the Optical Dept. of Max Heilbronner, Jeweler, will give you the facts and you can rest assured that glasses will not be supplied unless absolutely necessary.

Phone 264 for appointment.

WHAT IS SUCCESS?

Pride and Satisfaction in Work Well Done Illustrated in Prince Rupert

This "will of the wish" called success—what is it? And when achieved, does it bring that elusive phantom called happiness? What brings these gifts of the gods? Ask your next door neighbor that question, and he will probably say, "Give me a million dollars and I'll be happy." But pick up the daily paper, and see the men with millions, who apparently are desperately unhappy, so much so that they choose the quickest way out.

The next man you ask will say, "Give me power, and I'll be happy." But who today envies kings, presidents, or prime ministers?

No. Success and happiness do not lie that way. Often they lie in the humble paths of life. A craftsman produces an article and in the achievement he is lost in happiness. Plain Tom Brown is building a small house for himself, and family. He has planned it carefully and gradually he sees the finished product take form before his eyes. He is happy. A manufacturer produces an article in which he takes a great pride. It is the very best that skill and knowledge can produce. He is happy in this work and to that extent he is successful.

Making a good article is a matter of pride and satisfaction. This applies to all commodities, even the making of Coffee. Take, for instance, the product made by the local firm of Stewart & Mobley, Ltd. Supreme Coffee is the best. No effort is spared to produce the very finest Coffee that skill and experience can produce, and in that effort they get a great amount of satisfaction.

Are You an Eagle? If Not — Why Not?

There is to be a great all-day parade Sunday and Monday to the only cafe in town operated by an Eagle member. Beware of infringers, as without experienced white help in the kitchen it can't be done. The greatest chicken and T-bone steak dinner in Prince Rupert for the money will be put on these two days at the Fleet Cafe on the waterfront. You will get chicken, not a mixture of pork with it. (71)

A meeting of the Carpenters' Union was held last night when matters concerning the trade were up for discussion. Another meeting will be held soon. George Dungate, the president, was in the chair.

Sorry To See Night Coming She Could Not Sleep

Mrs. K. McElroy, Kirkfield, Ont., writes:—"I was very nervous and run down, was short of breath, and had smothering feelings, and was sorry to see night coming as I could not lie down or go to sleep."

I was advised to use Milburn's Heart and Nerve Pills. I took seven boxes and am now completely relieved; can sleep fine all night, and have gained in weight."
