JAP PICNIC READY FOR ENJOYABLE LONG HOP

One Hundred and Fifty Attended Picnic Held Yesterday at Tugwell Island Nat C. Browne Awaiting Favorable Wind at Week-End For Flight to Tokyo

The annual picnic of the Prince Rupert Japanese Association was held yesterday at Tugwell Island. There were fully 150 Japanese present to enjoy the outing and it took about a dozen boats to transport them to the picnic grounds. The boats started leaving the city at 10:30 in the morning and, by 8 o'clock in the evening, all were safely home after a happy day on the sands.

During the day, games, baseball and softball were enjoyed and there were races for the kiddies as well as the older and younger adults. There were abundant refreshments in addition to the basket lunches.

H. K. Yamanacka, president of the Prince Rupert Japanese Association, was in charge of the picnic.

"ALL-BRAN LIVES UP TO REPUTATION"

Her Constipation Overcome by This Delicious Cereal

If you are troubled with constipation, read Miss Bundy's enthusiastic letter:

"I would like to congratulate the one who discovered ALL-BRAN. It really does live up to its reputation when it is said to 'relieve constipation'."

"I used to feel poor all the time—just down and out—and after reading an advertisement in a magazine about ALL-BRAN I got a box. It has ever since helped me, and it is not hard at all to eat."—Miss Mary Bundy (address upon request).

Laboratory tests show ALL-BRAN brings two things needed to correct common constipation: "Bulk" to exercise the intestines; Vitamin B to help tone the intestinal tract. ALL-BRAN also furnishes iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Within the body, it forms a soft mass. Gently, it clears the intestines of wastes.

How much safer than taking pills and drugs—so often harmful. ALL-BRAN is not habit-forming. Two tablespoonsful daily will overcome most types of constipation. If your intestinal trouble is not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

The many friends in this district of Rev. Edward Marsden will regret to know of his death in Ketchikan on May 6 of double pneumonia and an operation for gall-stones.

FEW homes have enough light where it is needed. To avoid eyestrain it is wise to use nothing less than 60 watt lamps wherever you work or read. And be sure to choose Edison Mazda Lamps—famed for soft, well-diffused light.
