MOURNING WARDROBE

'A death occurred in our family and had to go in mourning. I could hardly afford to buy all black clothes, so decided to dye what had. I consulted our druggist and he advised using Diamond Dyes. Everything came out beautifully; coats, wool dresses, stockings and all. I have since learned to appreciate the excellence of the black Diamon Dyes. I tried another black dye and the results were impossible. I had to get Diamond Dyes and do the work over. Recently I have tinted my curtains a beautiful raspberry shade and dyed a rug a lovely garnet with Diamond Dyes. They are real money savers—the finest dyes money can buy—I truly believe." "No, I don't have 'nerves.' You can't have them, and

hold this sort of position. My head used to throb around three o'clock, and certain days, of course, were worse than others. "Then I learned to rely on Aspirin."

The sure cure for any headache is rest. But sometimes we must postpone it. That's when Aspirin saves the day. Two tablets, and the nagging pain is gone until you are home. And once you are comfortable the pain seldom returns!

Keep Aspirin handy. Don't put it away, or put off taking it. Fighting a headache to finish the day may be heroic, but it is also a little foolish. So is sacrificing a night's sleep because you've an annoying cold, or irritated throat, or grumbling tooth, neuralgia, neuritis. These tablets always relieve. They don't depress the heart, and may be taken freely. That is medical opinion. It is a fact established by the last

twenty years of medical practise. The only caution to be observed is when you are buying Aspirin. Don't take a substitute because it will not act the same. Aspirin is made in Canada.
