EMPIRE ADVANTAGES

Only last week the British Government made a payment of \$200,000,000 to the United States, taking up, ahead of maturity, notes which had accrued during the time of the war, when the country was in need of finances. This debt payment has greatly pleased the people of the United States and the new spapers there have been commenting on it very favorably. During the past 63 years The Royal Bank of Canada has encountered every variety of conditions - wars, crop failures, booms and panics - gaining strength by each experience. In a stormy sea, one trusts a captain who has weathered storms.

From a small beginning, The Bank has grown steadily to a position of longestablished strength among the twelve

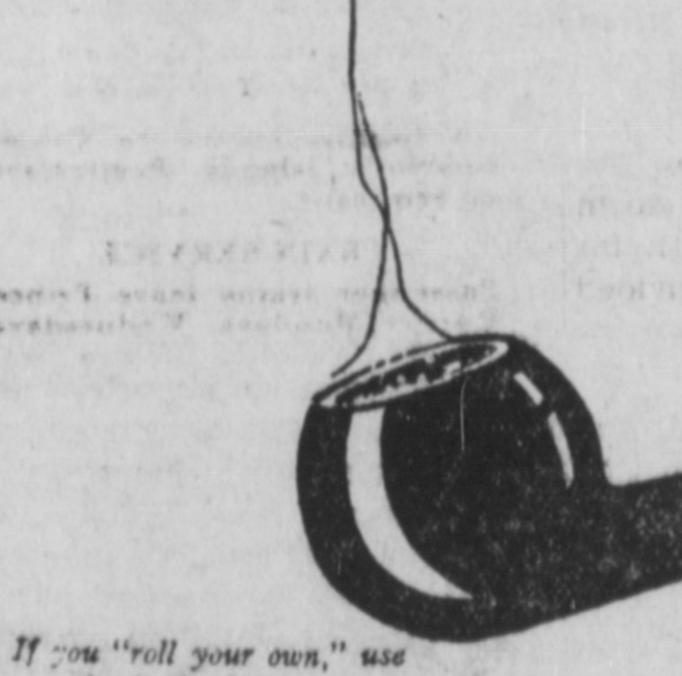

great banks of the world. Today its 881 branches serve every part of the Dominion and assist Canadian business in many foreign lands.

The Bank has reached this position because many thousands of people, through successive generations, have found it always fair and dependable in its dealings.
