BOAT WORK DESCRIBED

Activities of United Church Marine Missions Revealed at Toronto

TORONTO, April 12.—Strenuous missionary work along the British Columbia coast was described before the home missions board of the United Church of Canada by Rev. Dr. G. A. Wilson of Vancouver. Marine missionaries, Dr. Wilson said, were touching regularly at 200 ports of call between Vancouver and Prince Rupert.

One marine mission craft took a medical missionary along a route where a doctor had not been seen in five years and, after giving aid to a seriously ill fisherman's wife, went 20 miles to fetch her husband. In one coastal harbor a mission boat found a badly injured logger and took him through a raging storm to the Bella Bella hospital.

TELL THE PEOPLE
"Tell 'em quick and tell 'em often. Explain to folks plainly and sincerely what you have to sell. Keep everlastingly coming at them. Advertising is pretty much like shovelling a furnace. Once you stop stoking, the fire goes out."—Wm. Wrigley Jr. (t)

SPENDING TO SAVE.. THROUGH

Advertising

Not many of us, these days, are troubled with so much money that we cannot spend it. But we are interested in spending the money we have, to get the most out of it.

One way—and not a new way, either—is to make a budget. Put down, week by week, the money that comes in. Put down beside it, week by week, the money that goes out. So much for food, so much for clothing, so much for rent. So much for giving, and for luxuries.

Where Advertising Helps

It won't always be easy, of course, to stay within the budget. That's where advertising helps you. Advertisements in this newspaper tell you how much rugs, butter, breakfast foods, dishes, homes, automobiles will cost, before you go shopping! They point out ways to save money. They show you how to cut a little here, a little there. And each day, they tell about new inventions, new products, new ways of doing things, that help make this life of ours very much worth living!

Let the Daily News Classified Ads. work for you.
