SAVED IMPORTED DRESS

"After a little wearing, a lovely green voile-an imported dress-lost color so completely that it was not wearable. A friend who had admired it asked me why I wasn't wearing it any more. On hearing the reason, she advised dyeing it and recommended Diamond Dyes. To make a long story short, it turned out beautifully. I have a lovely new dress that really cost just 15c-the price of one package of Diamond

"I have since used Diamond Dyes for both tinting and dyeing. They do either equally well. I am not an expert dyer but I never have a failure with Diamond Dyes. They seem to be made so they always go on smoothy and evenly. They never spot, streak or run; and friends never know the things I dye with Diamond

Dyes are redyed at all!" Mrs. R.F., Quebec.
