Norway Pine Syrup

### The Children Catch Cold Easily

Mrs. Walter Miller, Notch Hill, B.C., writes:—
"The climate here in the winter time is very changeable, and the children catch cold very easily. I have always found that a few doses of Dr. Wood's

Norway Pine Syrup will relieve them at once. I have tried many other cough remedies, but, now, I always insist on 'Dr. Wood's', as I find it the most reliable, and the children like its pleasant taste." Price 35c. a bottle; large family size 65c.; at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

# ADDRESS BY

Gyro and Rotary Clubs Hear Instructive and Eloquent Lecture on Health at Luncheon

One of the most interesting and 10c instructive addresses given to the local service clubs for some time 3.00 was delivered yesterday afternoon at a joint luncheon of the Gyro and speaker was Dr. H. S. Thomson, representing the Canadian Dental 1.40 Hygiene Council. Contrary to expectations the address dealt with 25 the conditions by which people might avoid the dentist rather than by which the dental surgeons might get business.

> The visitor spoke on the health urge of the present day. People were all searching for health and, as a result, newspapers and magazines were publishing many health articles and vendors of cures were advertising all sorts of specifics, which in many cases were worth-

> Dental disease, Dr. Thomson said, giving people a knowledge of den-

The Dental Hygiene Council, which he represented, was an organization of laymen, not dentists. An investigation discovered that sound teeth. It seemed that natural uncooked foods contained the ne cessary minerals for the formation at Kitkatla. of teeth.

The crown of the tooth was the only part of the tooth which did not repair itself, the speaker said. It was 100% calcium phosphate and covered the tooth as far as the gum

This crown was formed before the

child was seven years of age. Development of Teeth

The speaker said that the crowns of the baby teeth began to develop before birth and the most importake mineral foods prior to the birth of the child and that the Buy Here Where Your child should also be fed those foods Dollar Buys Mostwhich contained minerals, such as raw and cooked fruits and vege- Jani-Vancouver Island Fruit, Aptables and dairy products and ricot, Strawberry, Raspberry and whole meal breads. # TO PROTECT other investments KEEP A SAVINGS ACCOUNT

Two questions to ask about any investment are, first: How quickly can I get my money back? And second: Can I get it all?

By these tests, no form of investment equals a Savings Account in the bank. Bonds or stocks or real estate fluctuate in value and to turn them into cash

quickly may involve loss. But money in a Savings Account is always available at full value—and earns a steady 3% interest.

Whatever your circumstances, you should keep an adequate Savings Account as your primary investment. In any branch of The Royal Bank of Canada this will. receive efficient and courteous care.

THE ROYAL BANK

The Royal Bank of Canada today is one of the ten or twelve great banks of the world, with 881 branches, deposit ofmorethan 550 millions and total assets of over 750 millions. Every office of The Bank com mands information and exparience gained in more than sixty years of sonnel trained to be efficient and accommo-
