### Sharp Pains In His Heart Nerves In Bad Condition

Mr. Fred J. Chase, Thomson Station, N.S., -"I have used Milburn's Heart and Nerve Pills with wonderful results.

My heart would beat so fast I would have to sit down when at work chopping in the woods. I had sharp pains in my heart when I would lie down at night.

My nerves were also in a very bad condition, but after using two boxes of Milburn's Heart and Nerve Pills I feel just fine, and am fourteen pounds heavier than I have been for years."

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milbers Co., Ltd., Toronto, Ont.

## Stole 500 Chickens But Left His Card

IN A certain suburban district, 500 chickens had disappeared, but no one could find the thief. Then one morning, in the hen-house of E. O. Wagner, a pocket mirror was found. On that mirror was a thumb print.

In the finger print records of a nearby city was found a print that matched it. It said, as plainly as a letter, "The man who stole those shickens is Albert Espens. He lives in Bakersfield. He is father of 11 children, but not straight."

They found the chickens in a hide-

Pocket mirror with tell-tale thumb print finger print impressed.

A thumb print sent him here out, beneath the culprit's barn. They put him behind the bars. He made the mistake of leaving a record with a

Halibut Crisis is Approaching— Salmon Packers Commence Operating—Herring Seining Continues

Owing to the low price situation, a number of the Prince Rupert halibut boats are now tying up with a view to cutting their losses and avoiding further "hole" trips. With prices of 4c and 2c prevailing, it is absolutely impossible for the fleet to even pay its way much less operate at a profit. Even now it is beginning to appear that the only

remedy for the situation is a furis concerned.

Mr. Simpson describes other queer in- subject. dustries such as diving for abalone shells, and points out that the only whaling stations left on Canada's Pacific Coast are in the Queen Charlottes. It is here, too, that grows the "airplane spruce" which, once used by the Haida Indians for totem poles and carroes has now a distinctly modern significance.

Possibly no figure was more widely known or more highly esteemed than the late Bob Hanna, veteran fisherman of Prince Rupert, whose death the local waterfront has mourned this week. When the Grim Reaper removed Bob on Wednesday morning of this week in Prince Rupert General Hospital, one of the real pioneer landmarks of this community passed on. Old timers recall Bob back in 1908 or earlier operating gasboats, one of thern British Columbia senior them the Beaver and another the Rainbow, between Prince Rupert night, the P. R. T., Capt. Harris and Digby Island for the government. Later he had followed the fishing game, sometimes as troller

George Fritz, left at 2 o'clock this afternoon for the neighboring village. The party is expected back early tomorrow morning.

Jack Hazelton, who had an arduous experience recently in the losing of his net boat "Oh Yeah" while running in from Pearl Harbor to Prince Rupert, has purchased another boat "Donalda" and is busy again. He is engaged in fishing herring under contract for the Bacon Fisheries. He put out at the first of this week on his first trip, operating in the vicinity of Captain's Cove and Porcher Island.

Flewin & Brown have commenced packing spring salmon with the Taplow II from the trollers in the vicinity of Port Simpson and Warke Canal to Prince Rupert. Fishing is quiet and deliveries light averaging around 400 and 500 pounds for the first weekly trips. However, an improvement in the run is expected soon. The prevailing price at Prince Rupert is 12c for red springs and 6c for white. The Taplow was in yesterday with her third load, having 300 pounds.

Chris Johnson, production manager for the Seaport Crown Fish Co. of Vancouver, was a visitor to Prince Rupert early in the week on company business. While in Prince Rupert, he made arrangements
