29.34, heavy swell.

### MORE TAXES

PARIS, Jan. 30-Unruly mobs here have been protesting against higher taxes and have made a demonstration against the Government. The temper of the Chamber of Deputies was shown in the vote which was taken that preceeded the fall of the Boncourt Government Saturday when the figures were 300 to 193 against the Government.

Triple Island- Overcast, fresh The chamber was much disturbed over a proposal to raise the scription "No more taxes."

### Head of Government but Power is Shorn From Position by President CONSERVATIVE LEADER IS MEMBER OF CABI-

INET AND VON PAPEN VICE-CHANCELLOR; ARMY IN HANDS OF GENERAL BLOMBERG.

BERLIN, Jan. 30:—Adolph Hitler, National Socialist party chieftain, leader of the Nazis, was appointed chancellor of Germany today and selected his cabinet which was sworn in immediately by President von Hindenburg.

The Nazi leader has achieved his ambition in becoming chancellor but it is with fettered hands. The cabinet is a compromise onc. While the president made him chancellor he surrounded him with Conservatives like Alfred Hugenberg, leader of the Nationalists, Franz Seldte and Franz von Papen, former Chancellor and confidante of the President.

On his part Hitler swore an oath of allegiance to the constitution of the republic, reserving for himself the cabinet posts of minister of the interior and minister without portfolio.

As one more safeguard the president left the army in the hands of General von Blomberg. The Nazi chief will have to tolerate his regime or parliament will be dissol-

Von Papen is vice-chancellor and Konstantin von Neurath is foreign minister.

#### Processes by Which Radium is Extracted From Great Bear Lake Ore at New Port Hope Refinery

(By Jack Hambleton, Canadian Press Staff Writer)

PORT HOPE, Ont., Jan. 30:—A prospector high above Great Bear Lake looked down. Strange markings on the shores of the lake lured him. The next year he returned Back in Canada and found pitchblende, mineral from which radium is derived. From that casual glance came Canada's first radium refinery here. It's a queer place, this refinery. A long concrete building surrounded by a

high wire fence. A strang place! | ment. But there is a vast difference. The front door is locked. The fence A needle no larger than that used seems unsurmountable. A watch- in a phonograph is worth \$650 when man at the gate scrutinizes people filled with radium. losely. A show of credentials and finally, admittance.
