Fewer Local Boats Will Fish Halibut This Year-Larger Surplus of Frozen Fish Than Year Ago-No Fresh Bait Found Yet

It seems probable that there will be not more than about fifty Prince Rupert halibut boats actively engaged in fishing this year. Last season owing to the low prices a number of boats were transferred to the salmon trolling and if there is no marked advance in halibut prices they will likely continue. Other boats may be diverted from halibut fishing as they cannot op-xerate economically unless much Simpson fishermen for local use in

The halibut fishermen do not like frozen bait, for the halibut prefer fresh herring much more for an For the East appetizer. But with no herring in sight and salmon run not yet started it looks as if they might have to satisfy themselves with what they can get.

In this cold weather the herring are down deep and do not give the seiners a chance to get near them. When the weather warms up a little then possibly we can all have a feed of fresh herring.

Although there are a few trollers out thus far no real catch of spring salmon has been made. There have been a few brought in town by Port

A SATURDAY SERMON

The Only Cure

(Very Rev. J. B. Gibson, Dean of St. Andrew's Cathedral)

Naaman was the commander-in-chief of the Syrian army. He enjoyed the favor of the king, was popular with his subordinates, but he was a leper. He heard there was the possibility of a cure in the land of Israel and with a retinue of servants and much treasure he set out to solicit the services of the Prophet Elisha. He had his own idea

as to what method the prophet"would employ and when he was told life. Christ is the only One who can by him to "go, wash in the Jordan save and redeem the world. W. Israel, may I not wash in them and Emerson. be clean?"

Naaman said, in effect, that the secular rivers of Damascus were as effective for cleansing as the sacred stream of Israel.

Taking the words in that sense many are saying the same thing today, only they express it more dogmatically. We are all aware that there is something wrong with the world. "The whole head is sick and the whole heart faint." To remedy this they tell us, Abana and Parphar are better than all the waters of Israel. Here are some of the modern rivers that they say will cope with the world's woe. Education. Social betterment. Philanthropy. They are beautiful rivers and will do much to make life clean and sweet and fair. Nor is it surprising that they are beautiful, as a matter of fact they rise very near the Jorligious source.

But though the rivers of Damascus rise very near the waters of The Canadian Legion and Moose Israel are they sufficient for the the Jordan, Abana and Parphar, come short of the glory of God." Here's Quick Relief

A lot of things can cause a headache or other pain, but there is one thing that will always give you relief! Just take a tablet or two of Aspirin. Your suffering ceases. Relief comes instantly, regardless of what may have been making your head throb with pain. Aspirin is harmless -cannot depress the heart. So there's no use waiting for a headache to "wear off." It is useless to endure pain of any kind when you can get Aspirin. It is a blessing to women who suffer regular systemic pain; to men who must work on, in spite of eye-strain, fatigue or neuralgia.
