To Visit Here

A. E. WARREN

Vice-president in charge of western lines, Canadian National Railways, who will arrive in Prince Rupert next Wednesday by steamer from Vancouver in the course of an inspection tour to the coast. Mr. Warren's visit here at this time will be of more than usual interest in view of recently announced changes of railway and steamship policy affecting Prince Rupert. The official will be interviewed by representatives of the Prince Rupert Chamber of Commerce and by City Commissioner W. J. Alder in regard to local matters.

CROPS ARE DOING WELL

and conditions continue favorable, according to the Canadian National Railways weekly crop report. Night temperatures in the early part of the week fell close to freezing but this cool spell was followed by a vince but effective control measures are showing results.

In the Dahphin and Swan River areas a light frost on June 12 affected garden products and some isolated low-lying fields of wheat. Wheat is from six to eight inches in height and most coarse grains are

RECOVERED well through the ground.
In Saskatchewan In Saskatchewan

Along the Lampman, Avonlea, Gravelbourg, Riverhurst, Glenavon. Strength Partially Revived in New Qu.Appelle subdivisions in Saskatchewan, early wheat is from eight to twelve inches high and growth is uniform and color good. Crops partial recovery on the local are not suffering for moisture but

In Central Saskatchewan from prices were erra tic, a downward) Yorkton west through Saskatoon to drive carrying some of the leaders Kindersley weather has also been to losses ranging from five to warm with a few scattered showers and grain is growing fast but more Some of Thursday's closing prirain in this territory would be wel-

> At all points in the Prince Albert division weather has been ideal and moisture is plentiful over the entire division.

Alberta Healthy

The Goose Lake line territory of well above ground and looking healthy. A few scattered showers were experienced but more moisture is now necessary owing to continued hot weather. A heavy frost on June 10 along Three Hills, Stettler and Red Deer subdivisions damaged wheat in some districts but setback should only be temporary.

Along the Blackfoot, Alliance, Bonnyville, Vegreville and Camrose subdivisions weather has been windy and dry but all crops are Free Balloon in progressing rapidly and no damage is reported from any source.

Cattle and Hogs

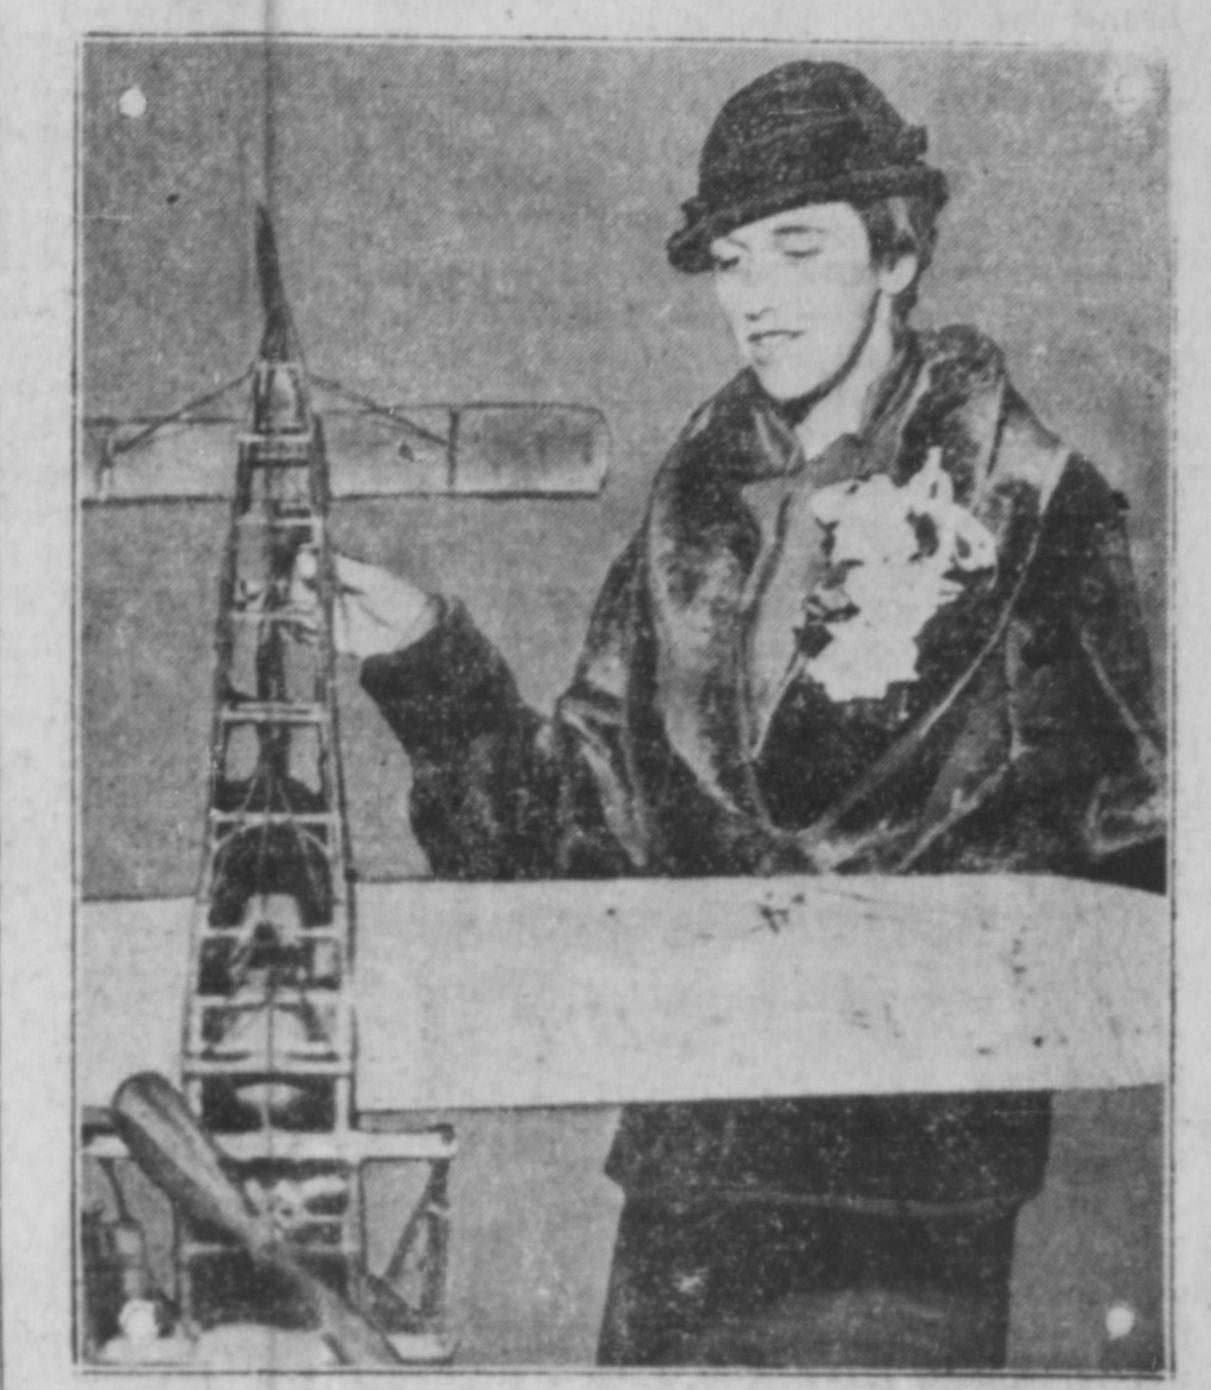

Many half finished stall fed cattle which have been turned on grass are now reaching central markets and their advent is causing indiffed yearling section offerings have of the flyers were injured. been fairly liberal and prices have also slipped about 25 cents lower.

still in an unsettled condition but no material weakness should be apparent for some time.

Any improvement that is being Salvation Army at tomorrow's meettelt in Prince George so far is the ungs in the Citadel. Following her result of mining activity in the Cariboo and Omineca. Numbers of Prince George people have gone into sor here has not yet been named. these areas and, if they earn anything, will return and spend the money. A certain amount of business comes from the mines to the city COLLECTION and, if there is any improvement in but nothing like as much as might, if they were treated fairly. Everywhere the complaint is made that there is discrimination against Prince George. Money expended on the roads is south of Quesnel and United States Received Only Nine the highway north of that for some Aboard Injured distance is in such a condition that is almost impossible to drive over

t. Complaint is also made that the CLEVELAND, Ohio, June 17:-A Quesnel people advise tourists and others not to go beyond their district roads. Dozens, if not hundreds, o cars have been turned back and Prince George has suffered accordingly. Hundreds of dollars would have been distributed through the DEER CHEW a few mud holes just north of Quesnel been filled up.

However, abuses of this kind tend to cure themselves and usually discrimination acts as a boomerang because no one can stop it. The country around is being settled up.

Plan of Conference Experts Is Presented to Home Governments

United States Delegation Makes Proposal For General Tariff Reduction—German Memorandum Explained As Merely "Private Opinion"

LONDON, June 17: (Canadian Press)-Tentative agreement on controlled stabilization of international currencies has been reached by experts and submitted to the home governments for approval, it was learned in economic conference quarters this morning. The agreement provides for control of exchanges to smooth out money flucuations rather than for definitely
